ANNUAL REPORT

OF THE SELECTMEN, ASSESSORS AND

OVERSEERS OF THE POOR

January 1 to December 31, 1976

The Town of Sanford has completed another year in a satisfactorily strong position both financially and governmentally. The detailed reports of each department and of town business follow so only a mention of highlights will be made here.

The year 1976 was the National Bicentennial Year and Sanford again came forward with activities to commemorate the nation as well as to rededicate itself anew in a continuing effort which highlighted our local Bicentennial in 1968 and as a fact the History of Sanford from its beginning. We have to take this place to say thank you to George Normandeau, Jr. and to all his committee for what we feel was a job well done. We will include the Fourth of July address as a part of the annual Sanford report to accent this particular year.

The year 1976 will be marked as the point where several advances were made: (1) The Comprehensive Plan for Sanford was updated to these times and formally adopted. The Planning Board will go ahead now to firm up a complete zoning ordinance for approval in 1977; (2) The separate (but extensive) long range Comprehensive Plan for the Sanford Airport was completed, received and certain parts began to be put to action by the 1976 Town Meeting; (3) The computer, authorized in 1975, was installed during the summer and, as this is written, turns out the payrolls for all departments. It is also being programmed for the next large job of real estate tax records and billing; Work has continued on separation of storm drains and sanitary sewerage systems; (5) Main Street from Springvale to Sanford was overlaid as well as parts of River Street and School Street, not only improving the comfort of travel but principally saving many tax dollars on winter repairs; (6) Federally funded, the interchange of Main Street and U. S. 202 (Winter-Lebanon Streets) together with traffic lights was completed and has improved conditions here to a large degree; (7) Urban renewal has finally picked up a bit of momentum in Springvale and we see prospects now for timely completion of this undertaking; The old Hamlin School in Springvale is a good example of what can be done with a good basic building. The District Court of Maine rebuilt this and moved from the Town Hall thus freeing space for new quarters for the Engineer, Codes Officer, Voter Registration and the new computer. The preceding are only a few of the good things which have happened in Sanford.

The Warrant Committee, Planning Board, Appeals Board and Housing Authority have been loaded this year with a larger and and heavier work load than in the past. Sanford is indeed fortunate to have people that give of their time to this work and we, as chief elected officials, commend with thanks their unstinting labors.

CETA employees have done much to improve areas of the town by clean-up, maintenance and restoration which would not have been done if it meant tax increases. The receipt of over \$600,000 in Federal and State Revenue Sharing Funds have had a distinct effect in being able to hold the tax load down.

As is usual, the last but not least to be mentioned are the regular every day employees. The departments, committees and officials would never be able to operate without them. Sanford's offices are filled with career employees who are devoted and dedicated to the well-being of the Town and its people. The Board of Selectmen on behalf of all the people say well done and thanks.

Respectfully submitted,

Paul L. Garvin Norman S. Hall Emile D. Cote

REPORT OF THE CLERK OF

SANFORD FIRE DEPARTMENT

January 1, 1977

TO THE MUNICIPAL OFFICERS OF THE TOWN OF SANFORD, MAINE

I hereby submit the following report for the year 1976.

The Sanford Fire Department, Sanford Station, responded to 330 calls:

67 Bell Alarms 47 Working 20 False 263 Still Alarms 165 Working 6 False

15 Cover Springvale 6 Mutual Aide 71 Public Assistance

In addition to these activities, the station had a total of 232 recorded man hours in fire fighter training. There was also many more unrecorded man hours of training.

Respectfully submitted,

Donald R. Turner, Jr.

Clerk, Sanford Fire Department

Sanford Station

REPORT OF THE CLERK OF

SANFORD FIRE DEPARTMENT

SPRINGVALE STATION

TO THE MUNICIPAL OFFICERS OF THE TOWN OF SANFORD, MAINE

January 1, 1977

I hereby submit the following report for the year 1976.

The Sanford Fire Department, Springvale Station, responded to 151 calls:

20 Bell Alarms 11 Working 9 False 131 Still Alarms
46 Working

3 False

25 Cover Sanford

6 Mutual Aide

51 Public Assistance

In addition to these, the station held three (3) drills and other fire fighter training for a total of 264 recorded man hours. There was also many more unrecorded man hours of fire fighting training.

Total feet of hose laid.......4,605'

Total feet of ladder raised...... 128'

Total miles vehicles travelled.... 500.2

Respectfully submitted,

David N. Heald

Clerk, Springvale Station

REPORT OF THE FIRE CHIEF

SANFORD FIRE DEPARTMENT

January 1, 1976

TO THE MUNICIPAL OFFICERS OF THE TOWN OF SANFORD, MAINE

The Sanford Fire Department consists of two (2) stations, one (1) located in Sanford and one (1) located in Springvale. There are eight (8) men on duty twenty-four (24) hours a day, five (5) at Sanford Station and three (3) at Springvale Station. They work an average of fifty (50) hours a week.

The Fire Department is governed by a Board of Fire Commissioners consisting of three elected members.

Personnel: One (1) Fire Chief, twenty-seven (27) permanent men, sixty-six call men, thirty-six (36) in Sanford, thirty (30) in Springvale, and one (1) secretary.

Personnel Appointed: 1 Private

Resigned: 1 Captain - 1 Private

Promoted: 1 FD-1 to FD-2

In 1976 a new chain of command was formulated with five (5) new positions. They are, Training Officer, Fire Inspection Officer, Chief Mechanic, Fire Prevention Officer, and Fire Alarm Superintendent.

<u>Training</u>: This was the first year that the Department had a <u>Training</u> Officer and a formal on-duty training program was in its design introduction stage. Some of the subjects covered were as follows:

Self contained breathing apparatus, orientation with the standard operating procedure, familiarization with forcible entry and other Fire Department equipment or apparatus, hose connections.

The probationary member also had familiarization with the controls on Engine #3, both driving and pumping, pumping from a hydrant with booster, $1\frac{1}{2}$ ", $2\frac{1}{2}$ " and master stream.

All shifts had training on inspections, and several instructor training classes were held for all officers.

A slide projector, overhead projector, transparencies and screen were purchased to aid in the on-duty training program.

Along with the regular on duty training the following courses have been available:

Introduction to Fire Science, three (3) college credits, seventeen (17) men attended, (held at Sanford Station).

New Hampshire Fire School, two (2) men attended, (Keene, N. H.).

Maine State Fire Academy (Presque Isle), one (1) man attended.

York County Fire Chiefs Association Fire Attack School, twenty-five (25) men attended, (held in Sanford).

Two (2) American Heart Association CPR Courses, fourteen (14) men attended, (Sanford Station).

One (1) American Red Cross Advance First Aid and Emergency Care, & CPR Course, five (5) men attended, (Sanford Station).

EMT Refresher Course, two (2) men attended, (Biddeford).

EMT Refresher Course now in progress, four (4) men attending, (Goodall).

There are three (3) permanent fire fighters now enrolled in S.M.V.T.I.'s Associate Degree Program for Fire Technology.

Respectfully submitted,

David W. Rakin

Training Officer

 $\underline{\text{Equipment}}$ and $\underline{\text{Apparatus}}\colon$ Presently, the Sanford Fire Department has the following apparatus:

- 3 Pieces of Aerial Equipment
 - 1 100' Ladder Truck 1972
 - 1 70' Aerial Platform 1963
 - 1 32' Fire Alarm Ladder 1964
- 4 Front Line Pumpers
 - 1 500 gal. per minute pump 1964
 - 2 750 gal. per minute pumps 1962 and 1951
 - 1 1,500 gal. per minute pump 1974

- 2 500 gal. per minute reserve pumpers 1935 & 1948
- 3 All-Wheel drive brush trucks 1941, 1941 & 1954
- 1 All-Wheel drive permanently housed in Springvale Station, owned by the State of Maine
- 2 14' boats and trailers
- 1 Chief's Car 1975
- 1 Pick up truck 1962
- 2 Ambulances:
 - 1 Dodge Modular 1973
 - 1 Cadillac Coach 1969

Most of the maintenance work is done at the station by the Chief Mechanic keeping costs at a minimum.

The 1976 Town Meeting voted to replace Engine #1, a 1951, 750 gal. per minute pumper. By doing this, all the front line trucks will be within twenty (20) years of age.

Some of the trucks have been repainted, for instance the aero chief boom was painted, the compartments on Engine #1 were repainted and also the rear tailboard section was repainted. New platform bases were made for all the compartments on Engine #3.

A new communications system panel was built and installed in Engine #3. The Centrifugal Trailer Pump was completely overhauled including repainting. The Dodge utility truck also had the cab rebuilt and was put back into service.

Engine #5 and Engine #6 were transferred from their respective stations to the opposite station. Engine #6 now in Springvale has been completely serviced and repainted, including new lettering.

Respectfully submitted,

	Raymond Normandeau
))	Chief Mechanic
~ /	$-\ell = \langle 1 \rangle$
	it is followed a comme

Fire Alarm: A truck was purchased and rebuilt for the alarm work. There were 109 man hours involved in rebuilding this truck.

A new line was run for Pleasant Acres and new boxes were installed at Sprague, Kings Plaza and the Goodall Library.

Work is also being done to change the duplicated boxes in Sanford and Springvale. This will be completed when we have a new wheel cut with replacing numbers.

There are twenty-one (21) to twenty-four (24) boxes carrying the same numbers in Sanford and Springvale. All boxes were tested this last quarter and only one (1) found not to be working.

Respectfully submitted,

Fire Alarm Superintendent

Fire Inspection: The Fire Inspection Officer was named in September, and therefore the Inspections Program is fairly new.
The following was done from October 1, 1976 to December 31, 1976:
Scheduled Inspections13 Service Stations
Re-Inspections made 5 All conformed to code
Inspections upon request 1
Underground storage permits issued 1
Investigate special complaints 7
Inspections of wood stoves or chimneys 5

Twenty-one (21) men have received two (2) hours of training and introduction on the inspection program.

Respectfully submitted,

Vanil J. Drugan

Daniel J. Burgess Fire Inspection Officer

Fire Prevention: Grades one (1) through three (3) in the Public and Parochial Schools were visited and a program on Spring Fire Prevention was given. The children were taught what to do if their clothing should catch on fire. They were also shown a film entitled "Little Smokey" and the Junior Fire Marshall's letter was distributed. They also discussed inside fire hazards, outside open fires, and camping. Approximately 1,000 children participated in this program. The same children were revisited in the fall for the Junior Fire Marshalls program.

The Middle School was visited and a program on electrical safety in the home and outdoor hazards was given with the help of an employee of CMP, i.e., kite accidents with overhead wiring. A film entitled "A to Zap and Reachin for Lightning" was shown. 751 children participated in this program.

Another program coordinated with CMP was given to the Junior High School on electrical hazards. 375 children participated.

A State Forest Ranger along with the Fire Prevention Officer were on "Speak Out" in regard to outside fires and the law, and also how to prevent fires.

Sixty-five boys and girls attended a class on all aspects of Safety and Responsibility sponsored by the Jaycees for babysitters.

Nasson College was visited and a lecture on fire escape plans, first aid, fire extinguishers and fire hazards was given to the student council.

Many civic groups were visited and a program in conjunction with Blue Cross and Blue Shield was given in regard to the increasing number of severe burns in Maine.

A program on home fire hazards, escape plans, smoke detectors, and camp fires was presented to the Cub Scouts from St.Ignatius Church.

Several fire fighters participated in recording spot announcements for WSME on fire safety tips.

Respectfully submitted,

Richard Traves

Fire Prevention Officer

<u>Fire Statistics</u>: The Sanford Fire Department responded to a total of 481 alarms during 1976. Of these alarms, 87 were box alarms and 394 were still alarms. A total of 17 were stills that later turned into box alarms.

The alarms were broken down into the following groups:

Wood Frame Buildings: 98 Total

- ll Flooded Burners
 - 1 Mattress
- 10 Stoves
- 23 Chimney
- 12 Electrical
- 12 Appliance
 - 4 Furnace
- 13 Miscellaneous
 - 2 Smoking
 - 2 Oil Burners
 - 1 Short Circuit
 - 2 Fireplaces
 - 1 Kerosene Stove
 - 1 Children playing with lighter
 - 1 Set
 - 2 Grease

Building Other: 31 Total

- 3 Electrical
- 2 Stove
- 3 Flooded Burner
- 5 Miscellaneous
- 6 Appliance
- 1 Ballast
- 2 Gas Leak
- 2 Furnace
- 3 Grease
- 2 Set
- 1 Cigarette
- 1 Candle

Gas Spills: 24 Total

Lebanon: 3 Total

Cover Springvale: 15 Total

Cover Sanford: 25 Total

Rochester: 3 Total

Emery Mills: 1 Total

Acton: 2 Total

North Berwick: 3 Total

Prank Calls: 38 Total

Still Alarms: 9 (Telephone)

Box Alarms: 29 (Pulled Street Boxes)

Car Fires: 31 Total

Plane Fires: 1 Total

Legitimate Call, No Fire: 35 Total

Malfunctions: 30 Total

- 12 Sprinkler System
- 15 Miscellaneous
 - 3 Water Gongs

Public Assistance: 22 Total

Forestry Fires: 87 Total

- 1 Wet Down After Control Burn
- 28 Brush
- 10 Grass
 - 1 Electrical
 - 3 Control Burn No Permit

- 4 Bonfires
- 16 Woods
 - 1 Burning in barrel no permit
 - 2 Pine spills
- 12 Dump
 - 1 Hay
 - 5 Leaves
 - 1 Mulch Pile
 - l Miscellaneous
 - l Fireplace set

Chemical Fires: 1 Total

Bomb Scare: 4 Total

Liquid Spill: 1 Total

Storm Drain Cave-in: 1 Total

Extrication: 1 Total

Safety Standby: 4 Total

L.P. Gas: 3 Total

Total Miles Apparatus Travelled: 2,473.9

Total Feet of Hose Laid: 19,710'

Total Feet of Ladders Raised: 1,311'

The Fire Department requires a written permit on all outside fires. There were a total of 454 permits issued in 1976.

January	6	February	33
March	88	April	90
May	58	June	17
July	15	August	19
September	24	October	21
November	38	December	45

By granting these permits, we are able to know exactly the areas where such controlled burning is located, cutting down on many unnecessary calls.

<u>Ambulance</u>: The Sanford Station has two (2) ambulances. They are operated by licensed attendants.

The ambulance responded to 898 emergency calls for a total of 13,788.4 miles. Of these, 60 were no patients or false calls at a total of 301.3 miles.

January	83	Calls	1,010.1	Miles
February		Calls		Miles
-				
March	69	Calls	1,053.8	Miles
April	55	Calls	585.2	Miles
May	78	Calls	1,190.9	Miles
June	89	Calls	1,538.8	Miles
July	82	Calls	1,764.1	Miles
August	83	Calls	1,309.0	Miles
September	70	Calls	1,188.5	Miles
October	75	Calls	1,170.8	Miles
November	70	Calls	794.6	Miles
December	86	Calls	1,371.8	Miles

<u>Public Relations</u>: Tours of the Fire Station were given by the officers. Approximately 1,600 children from Sanford and surrounding towns toured the Fire Station during 1976.

Three of the permanent fire fighters have obtained their instructors certificates in the American Red Cross Basic First Aid Course. Thirty-two children have received this course to date. At the present time, there are twenty-two Girl Scouts enrolled in a class.

A demonstration on mouth-to-mouth resuscitaion was given to fifteen (15) freshmen at the High School.

The Fire Department sponsored a Spring Clean-Up Campaign by the Key Club. They picked up recycleable items and the proceeds were given to the Key Club. Approximately 4,000 lbs. of cardboard, 2,600 lbs. of paper and 5,700 lbs. of sheet metal were collected.

Five (5) First Aid Stations were set up and manned for the Horsemen's Parade for the Bicentennial.

Ninety (90) Fifth graders were given a tour of the ambulance to familiarize them with the equipment and its uses. Fifteen Cub Scouts also toured the ambulance.

The Chief and one of the men demonstrated different types of fire extinguishers and how to use them to the staff of Goodall Hospital. (200 were involved).

A program was given at Hillcrest on Fire Safety for Nursing Home employees. (15 attended).

Representatives of the Department participated in Career Day at the High School and lectured on the Sanford Fire Department and their jobs in the Department.

Some of the men in the Department worked on updating and revising a map for the Fire Department. It had been brought to our attention that there were several duplicate streets, streets that sounded the same and etc., which could bring many problems to the

Fire Department in responding to incidents that may occur on these streets. The Planning Board worked with the Fire Department to try to solve some of these street name problems. This proposal was defeated at the annual Town Meeting. The men involved with the new map put in over 100 hours.

New Programs:

<u>Business Card File</u>: This is a response card file consisting of all new and existing businesses in Sanford and Springvale. Initiated to provide telephone numbers of owners and managers; it tells us where they can be reached in the event of an emergency.

Through continuous work, it will be expanded to include a running card file with combined pre-fire plans.

Other data includes a complete building description, type of occupancy, life hazards, and other factors which may have a bearing on fire loads and fire-fighting hazards. Hazardous materials are described as:

- 1. Combustibles and
- 2. Flammables and their location

Materials included in the running card file are closest box numbers, closest hydrants or water source, and other pertinent data concerning water supply. Sprinkler systems and standpipes are included with the Fire Department connection located. Other conditions included are response factors, time of day versus occupancy load, the location of utility shutoffs, etc.; all helpful to a fire officer's size-up. The card file is a valuable training aid.

The business card file has consumed an excess of $\underline{150}$ man hours. This figure does not include constant updating or time spent during in-service inspections.

Respectfully submitted,

George Driscoll

TO THE MUNICIPAL OFFICERS OF THE TOWN OF SANFORD, MAINE

Gentlemen:

The following is my Annual Report of the Sanford Police Department for the year 1976.

In this report I cannot over-emphasize the increased activity in all areas of "Offenses Known to Police," "Complaints received" and "Incidents involving police intervention." Despite these adversities of increased demands for service, prevention and police involvement, the department performed effectively overall during 1976.

I would like to thank your office and all other municipal departments for the fine cooperation and assistance to the Police Department during the year.

I, therefore, submit my Annual Report for 1976.

Respectfully submitted,

John C. Pride, Chief Sanford Police Department

SANFORD POLICE DEPARTMENT ANNUAL REPORT 1976

PERSONNEL - Manpower

There were no changes in uniformed personnel-manpower during 1976. As of December 31, 1976 the department was fully manned.

In March, 1976 eight (8) police cadets were added to the department in a training capacity.

A continuing program of recruiting on a need basis was conducted during the year and several positions within the reserve force were filled. As of December 31, 1976 the department had a reserve force consisting of sixteen (16) members.

One resignation of a civilian employee vacated a position during the year which was immediately filled.

Several members of the department were commended and received "job well done" appreciations in December of 1976. I am pleased to report that the present manpower strength and quality of the department is something that the community should be proud of.

BUILDING FACILITIES

During the year an inadequacy of the present facility was realized, this hopefully will be remedied during 1977 with proposed and approved renovations. Personnel within the department throughout the year maintained the present facility which houses the Police Department.

DEPARTMENTAL EQUIPMENT

No significant improvements were added to the equipment inventory during 1976. All officers contributed to the maintenance of all town owned equipment in the possession of the Police Department.

PUBLIC RELATIONS & SAFETY EDUCATION

During 1976 officers within the department conducted station tours and lectures on various subjects at various schools and organizations.

A bicycle registration program was conducted and approximately two thousand (2,000) bicycles were registered.

During the Bicentennial year of 1976 the department participated in Bicentennial activities. The police Color Guard again won honors on various occasions.

TRAINING

During 1976 members of the department were continually exposed to various training programs provided on an Academy, regional, and local offering. The following is a list of schools, seminars, and in-service training subjects that were attended by officers of the department during 1976:

FBI National Academy, Quanitico, Va.

Command Training Institute, Babson College, Wellesley, Mass. Arson Investigation School, Maine Criminal Justice Academy, Waterville, Me.

Basic School, Maine Criminal Justice Academy, Waterville, Me. FBI Advanced Fingerprint School, Maine Criminal Justice Academy, Waterville, Me.

Traffic Code, Maine Criminal Justice Academy, Waterville, Me. Crisis Intervention Conflict Management, Maine Criminal Justice Academy, Waterville, Me. Aircraft Investigation School, Maine Criminal Justice Academy, Waterville, Me.

Associates Degree, Law Enforcement Technology, SMVTI FBI Basic Fingerprint Classification School, Scarborough, Me. Advanced Investigative Technology, Portland, Me.

FBI Basic Photography, Sanford, Me.

Child Abuse Neglect, Portland, Me.

Teletype Operators School, Scarborough & Sanford, Me.

Supervisory Development Course, Sanford, Me.

Kidnap-Hostage Negotiations, Sanford, Me.

Affidavit-Warrants, Sanford, Me.

Fingerprinting I, Sanford, Me.

Fingerprinting, II, Sanford, Me.

Radar Certification, Sanford, Me.

Police Control & Self-Defense Course

Criminal Investigation School, Maine Criminal Justice Academy, waterville Maine OTHER CLASSES:

Report Writing
Pursuit Driving
Auto Theft
Court Room Testimony & Demeanor
Patrol Technique
Motor Vehicle Exam
Techniques of Arrest
Criminal Code Exam
Domestic Disturbance

Traffic Code Seminar
Firearm Qualifications
Routine Patrol
Ethics, Authority & Discretion
Traffic Code & Uniform Traffic
Ticket
First Officer on the Scene
Radio & Teletype Communications
Crime Scene Search
Explosive Ordinance Disposal

A continuance of programs developed a regional training concept and this is continuing as an on-going program involving departmental personnel and officers of various other law enforcement agencies.

The eight (8) police cadets were involved in approximately sixty (60) hours of basic training during the year.

In 1976 Multi Media First Aid was taught to thirty-six (36) people in Sanford and one course was taught out of town. These courses were offered by Sanford Police Department instructors.

In 1977 Multi Media Instructor Courses will be offered to area residents who have had Multi Media First Aid, again by Sanford Police Department instructors.

In 1976 Defensive Driving courses wre taught to one hundred forty (140) persons, by four (4) Sanford Police Department instructors, sponsored by the Department of Maine Transportation. Instructors are:

Sergeant Danny Stanley Corporal John Arnold Corporal Thomas Levesque Sergeant Ronald Dugre In 1977 the Defensive Driving course will be offered at the Adult Education Division of the High School on a continual basis. It also will be introduced into the High School.

COMMUNICATIONS

With the involvement of the department, along with all other agencies of the State, the state-wide Police Emergency Communication Network has developed into a successful participation of the department. We are presently providing dispatching services for the town of Lebanon, Maine. Sanford will hopefully be designated as a Regional Police Communications Center in addition to its involvement in regional police training. It is hoped that within the future, other newly formed law enforcement agencies will seek Central Dispatch from the Sanford Police Department. Many already have inquired as to the feasibility and cost factors of the Sanford Police Department providing this regional service.

SERVICE & MAINTENANCE

Two areas for which the department is responsible are: the installation and maintenance of all street traffic signs within the compact area of the town, and traffic control markings.

During 1976 in the sign maintenance and installation area, one hundred sixty-seven (167) signs and posts were installed consisting of three hundred and fifty man hours. This also included the making-up of the signs.

In the area of traffic markings approximately four hundred eighty-five (485) gallons of traffic marking paint was utilized involving approximately six hundred and twenty hours of man hour installation.

PATROL & TRAFFIC

During 1976 one hundred ninety-nine thousand, two hundred and sixteen (199,216) miles within Sanford and Springvale were patrolled by members of the department. This mileage showed an increased mobile patrol of thirteen thousand, two hundred and forty miles compared to that of 1975. (1975 mileage showed one hundred eighty-five thousand, nine hundred seventy six (185,976)). Twenty-five thousand foot patrol hours was recorded in 1976. Personnel within the patrol and traffic areas recorded the following additional hours during the year.

These hours recorded below were above and beyond the normally scheduled work periods:

Court Time 1,079 hours Stake-outs 196 hours Drug Investigation 110 hours

Investigations	243	hours
Extra Duty		hours
Matron Duty		hours
Basic school Replacement		hours
Sick Leave Replacement	483	hours
Accident Investigation	83	hours
Transporting Prisoners	133	hours
Bicycle Registration	44	hours
Guarding Prisoners	115	hours
Bomb Investigation	42	hours
Bicentennial Activities	284	hours
Vacation Replacement	1,705	hours
Miscellaneous Activities	672	hours

The amount of work accomplished by the Patrol and Traffic force represents the following:

	1975	1976
Motor Vehicle Summons & Arrests	470	1,160
Warnings for Motor Vehicle Violations	2,140	3,461
Defective Equipment Cards Issued	1,561	2,424
Motor Vehicle Accidents Investigated	821	966
Parking Tickets Issued	1,353	1,699
Criminal & Motor Vehicle Reports	1,315	2,917
Escorts of All Types	2,126	1,555
Physical Inspection of Building, Doors,		
Windows (found open)	452	392
Silent Alarm	468	5 1 4
Court Papers Served	103	128
Discovered Crimes	45	34
Physical Premises Inspections	*	92,630

* Figures not readily available

The following Traffic Accident Summary is submitted:

Fatal Accidents	3
Non-Fatal Injuries	170
Property Damage Accidents	793
TOTAL ACCIDENTS 1976	966
TOTAL ACCIDENTS 1975	821

INCREASE	15%
----------	-----

Of the nine hundred, sixty-six (966) accidents in 1976, five hundred and fifty-nine (559) local drivers contributed. Friday was the day when most accidents occurred and the type of accident accounting for that type contributing the most was angle contacts.

3:00 PM in the afternoon, again in 1976, was the most critical time of the day accounting for ninety-six (96) of the total

accidents reported.

The direct cost of accidents over a five (5) year period has drastically increased as have the total number of accidents investigated. In 1972 direct costs of accidents amounted to \$418,840 as compared to the 1976 figure \$717,620.

This showed a five (5) year percentile increase of 41 %. The total of injury accidents during a five (5) year period increased in 1976 to a percentile figure of 43 %. (1972 total: one hundred, twenty-nine (129), 1976 total: two hundred, thirty personal injury accidents).

Of the one thousand, two hundred, twenty-seven (1,227) traffic arrests and summons, seven hundred, fifty-nine (759) persons were convicted, ninety-five (95) cases dismissed by Judge or District Attorney, fifty-five (55) cases filed and one (1) case presented to the court involved findings of not guilty.

As you can see, patrol, the prime police function, is the deployment of police officers in the community to prevent and deter criminal activity and to provide day to day police services. The aforementioned Patrol Activity and the following Report of Criminal Activity is the result of individual efforts of departmental members and citizens in reporting, preventing, detecting, contributing and becoming involved to decrease crime in today's society.

CRIMINAL ACTIVITY

During 1976, there were one thousand nine hundred-two (1,902) criminal offenses reported. Of these offenses reported, one thousand one hundred forty-seven (1,147) were classified as Part I offenses. Part I offenses represented 60% of the total criminal offenses reported in Sanford and Springvale during 1976. Of all offenses eventually established to be actual offenses known, (actual offenses known 898), two hundred eighty (280) were cleared by arrest, or exceptional means. This represented a clearance rate of 31%. Compared to the State and County for a six (6) month period, (State 21%, County 22.37%), Sanford Police Department showed an approximate 10% above average cleared rate. Note: The national rate is about 18%. Of the one thousand ore hundred, forty-seven (1,147) total offenses reported, two hundred forty-nine (249) were found to be unfounded or baseless reports; representing 21% of the total. Reference to attached Annex I, Criminal Activity.

An analysis of the clearance of Part I offenses showed that Assault was cleared 80% of the time, whereas Robbery showed the least, (0%).

There were no reported Homicides in 1976. There were two (2) reported Rapes in 1976 compared to none in 1975. In 1976, there were two (2) Robberies compared to one (1) that was reported in 1975.

In the area of reported Burglaries, one hundred fifty-eight (158) in 1976 compared to two hundred and nine (209) in 1975 representing a decrease of 32% but the total value of property stolen showed an increase in 1976 from 1975. (Property stolen in 1976: \$65,601.00 - 1975: \$39,954.00), representing an increase of 39%.

Likewise Larcenies of all types, except Motor Vehicle Theft, increased in both total number of offenses and total value of property stolen.

	Number of Offenses	Total Value Property Stolen
1975	441	\$28,814.00
1976	562	\$53,054.00

Number of offenses increased in the larceny area from 1975 to 1976 represented a 21% increase and property stolen represented an increase of 43%.

In an analysis of total property crimes reported as actual, an increase of 10% was noted in the number of reported offenses and an increase of 40% was noted in the area of property value stolen.

	Number of Property Crimes	Value of Property Stolen
1975	677	\$94,573.00
1976	7 55	\$158.067.00

Of the 40% increase in value of property stolen in 1976 an increase of recovered property as compared to 1975 was 56%. The total recovery rate of property was noted as 36%. In other words property was recovered 36% of the time.

In 1976 persons charged for Class I offenses, Homicides, Robberies, Burglaries, Assaults, Larcenies and Motor Vehicle Theft showed an increase of 4% from 1975.

Total Persons Cleared 1976: 170 Part I Offenses
Total Persons Cleared 1975: 162 Part I Offenses

Of all offenses, in 1976, four hundred sixty (460) persons were charged for criminal offenses as compared to three hundred seventy-five (375) in 1975. This showed an increase of 18% of persons charged.

The estimate that may be shown of persons charged versus persons convicted is as follows:

	Persons Charged	Persons Convicted	Conviction Rate
1976	460	342	74%
1975	375	300	80%

In conclusion of the Criminal Activity of 1976, you may realize the increases as shown by analysis and summations that the growing rate of crime is increasing and in the same respect, police efforts to combat crime is increasing with work loads and individual efforts in all areas.

As previously stated, everything in this report, criminal and motor vehicle, law enforcement activities need citizen involvement to combat, along with the police, the rising crime rate.

Thus, I conclude my Annual Report for 1976. Again my thanks to all that assisted and serviced the department this year. Your interest, assistance and cooperation in the past is deeply appreciated and sincerely desired for the future.

Respectfully submitted,

John C. Pride, Chief Sanford Police Department

HEALTH AND SANITATION

REPORT OF THE

HEALTH OFFICER FOR THE YEAR 1976

To The Selectmen, Town of Sanford, Maine:

As Health Officer for the Town of Sanford for the year of 1976, I herewith submit a report of health activities during the current year:

My duties as Town Doctor:

Caring for the vagrants and itinerants who come to Town and need care.

On call for town and itinerants at request of selectmen or town nurse at all times.

Examination of the elderly living alone - at request of selectmen or town nurse, to ascertain if mentally competent to continue living alone.

Examination and treatment of patients at the request of the selectmen or town nurse.

Daily conference with town nurse on the problems arising with patients receiving town help. Caring for same when indicated.

Exams for fitness to work at request of selectmen.

Telephone advice to anyone calling - these are numerous due to Health Officer classification in phone book.

Buying drugs directly from pharmaceutical houses and utilizing $\mathsf{same}_{\:\raisebox{1pt}{\text{\circle*{1.5}}}}$

Writing of prescriptions for town and patients through town $\ensuremath{\operatorname{nurse}}_{\:\raisebox{1pt}{\text{\circle*{1.5}}}}$

Supplying drugs for patients receiving town aid.

Examination and stamping of inoculation reports for overseas travel.

Answering inquiries concerning health inoculations for overseas travel.

Supervised the two Swine Flu Clinics at Sanford High Gym.

My duties as Health Inspector:

Investigation of "Health Hazards" (unhealthy living conditions, unsanitary houses, poor nutrition, maltreated or ill-fed children) at request of selectmen or town nurse.

Health Calls - Tenants about questionable conditions in their rented units: cleanliness, sewerage, heat and water.

Receiving plumbing call complaints and investigating same and/ or referring them to plumbing inspector.

Receiving and reporting to Augusta Bureau of Health all contagious disease cases reported.

Return to school slips for school children following contagious disease.

Respectfully Yours,

A.S. Lincourt, M. D. Health Officer

HEALTH AND SANITATION

REPORT OF THE

YORK COUNTY HEALTH SERVICES, INC.

TO THE OFFICIALS AND CITIZENS OF SANFORD:

York County Health Services began its operations in January, 1976. It became a viable, comprehensive community health care service largely through the efforts of the Sanford Community Health Association, its Board and Staff. Mrs. Doris Reando of Springvale serves as YCHS' President. Through the joining of three York County Health Agencies, Home and Community Health Programs have become standardized and comprehensive. That is, services have been added where they were previously not available, and those programs which uniquely met health needs in one community have been offered to others. So it has happened in Sanford - additional Maternal and Child Health services, additional therapies for homebound ill and disabled, and an expansion of Senior Health services to other communities.

In 1975, the Sanford Community Health Association staff delivered a total of 2080 nursing visits in the Sanford-Springvale area. In 1976, 2773 nursing visits were made, but in addition citizens of the areas received 185 visits from Home Health Aides, 193 visits by a physical therapist, 75 visits by an occupational therapist and 17 visits made by a speech therapist.

During 1976, as a result of funding assistance from the Division of Child Health, Department of Human Services, community clinics in Sanford were increased to two sessions per month, and from immunizations and foot clinics to comprehensive child care clinics. Parents can now bring their children to the Educational Building of the North Parish Church on the 1st and 3rd Tuesday afternoons by appointment, and receive a complete physical exam which includes screening for orthopedic problems, immunizations, blood tests for lead and anemia, urine test and health counselling for childhood and parenting problems. A public health nurse who specializes in Maternal and Child Health provides services in clinical as well as home visits.

The first few months of 1976 was development time for the new MCH program. Since April, home visits to newborns have numbered 42, visits to expectant mothers made to 26, ill children received 30 visits, and visits to high risk families, including abuse and neglect, numbered 126. Any family in Sanford-Springvale may request a visit from the Child Health nurse or make a clinic appointment by calling 324-3662.

Those services which Sanford CHA pioneered, namely, the Trafton Center Senior Citizens health clinics, continued through the year as planned. During 1976, 36 sessions were held, with 784 services

rendered. This program is a cooperative service with the Sanford-Springvale YMCA. Mrs. Marolyn Roberts, R.N., who was instrumental in developing this concept of Senior health care, and in the successful implementation of it in Sanford, now is developing a similar program with other groups in York County. Since November, Mrs. Roberts has been the Program Coordinator for Adult Multi-Phasic Screening for York County Health Services.

Other new developments in Sanford include a liaison nurse several hours each week at Goodall Hospital to assist with planning care for patients returning home. As a result of York County Health Services broad service capability, people holding Blue Cross Health insurance can now have home health benefits through a contract the Agency has with Blue Cross. Nurses from the Sanford office provided professional services at all local Flu clinics. Mrs. Roberts substituted for the Town Welfare Nurse during her vacation.

The staff of the Sanford office providing all these services to area residents are Beverly Day, PHN, Team Leader; Sheila Seekins, PHN; June Guptill, RN; Marie Bean and Phyllis McKenney, Home Health Aides; Meredith Miller, RPT, Physical Therapist; Elizabeth Swan, OTR, Occupational Therapist; and Pat Gilbert, PHN, Maternal and Child Health Nurse.

It's easy to see why the additional space generously allowed to the Sanford Office by the Selectmen is needed. We are very grateful for their assistance and support.

We, all of us, Sanford Branch staff of YCHS, Board members of YCHS who are also members of the Sanford Community Health Association, and the administrative staff of YCHS, look forward to a new year of meeting Sanford's health needs, in the community and in homes, and to preventing illness wherever possible. All citizens are encouraged to call on our staff with any health care question they may have. Staff will make or assist with needed referrals to physicians and/or other resources.

Respectfully submitted,

Shirley A. Ouprie, R.N. Executive Director York County Health Services, Inc.

RECREATION

REPORT OF THE ACTIVITIES OF THE

SANFORD PARK COMMISSION

1976

1976 showed progress for the Park and Recreation Commission, and we fulfilled some of our objectives for the year.

The tree program was continued from the previous year and diseased trees were cut down, stumps removed and new shade trees were planted for beautification. Since beautification continues to be a very important priority, 1977 should be an excellent year for the tree program.

The Band concerts held at Gowen Memorial Park Bandstand were again enthusiastically received in 1976 and winter presentations are being planned for 1977.

The parks and playgrounds attendance records showed much use of these facilities. The swimming program again had an outstanding season of well attended activities. The skating rink program at the Benton Playground was continued and was enjoyed by many.

From April to November, Goodall Park had optimum use. Goodall Park was used by the following groups: Sanford Park Department, Babe Ruth League, Sanford High School Freshmen, J.V. and Varsity teams, SSYAA Midget Football, Sanford High School Girls' Field Hockey team, Fourth of July activities, Babe Ruth District tournament as well as for other special events by other groups.

Work was begun on a new softball field in South Sanford which should be finished by the summer of 1977.

Because of budget limitations, there were no new programs initiated in 1976.

The basketball program for boys and girls was continued at Memorial Gymnasium and was very successful.

The tennis courts were well occupied from April till November with all types of programs and tournament action. New tennis courts will be built in 1977 which should add to the continued growth of this sport. Future plans include more tournaments for singles, doubles and mixed doubles, for all ages. A tennis team is also planned for 1977. Instruction has included all age groups.

Vandalism is still a problem in our parks, playgrounds and especially the recreation area. Damages last year amounted to well over \$1,100.00.

If funds are available, new programs will include: Karate and exer-gym programs for all ages, male and female.

It is hoped that in 1977 a gym may be kept open during school vacations and supervised by the Recreation Department.

Respectfully submitted,

Boland a. Cote

Roland A. Cote, Sanford Park Commission

SUMMARY OF THE SANFORD-SPRINGVALE

BICENTENNIAL COMMITTEE EVENTS OF 1976

The Sanford-Springvale Jaycees began discussion of the formation of a Bicentennial Committee but could not find anyone to be chairman. It was then turned over to the Selectmen, who kept it together until they appointed a chairman in late 1975.

The program was nationally funded and Congress passed a resolution to allot funds to each state. Sanford was allocated \$5,000 in federal funding but due to shortage of monies, only half of that amount was actually received. Sanford had applied for their application early in 1975 and literature was passed out as early as three years ago (1973).

The first money was appropriated at the town meeting in December, 1975 when Sanford allocated \$14,650 to the Bicentennial Committee.

The first official function of the Bicentennial Committee was a presentation ceremony held in January, 1976. Senator Roland Gauthier presented the flag of the American Revolution Bicentennial Administration and a certificate of Official Recognition of Sanford-Springvale as a Bicentennial Community to the town.

Bicentennial Headquarters was located in a building owned by Westcott Ford and we wish, at this time, to express our sincere thanks for their generosity and kindness. The grand opening of the Headquarters was held on February 29th. It was the first opportunity for the public to enjoy the many displays from area industries and to purchase items from the well-stocked gift shop.

A Town Seal Contest was held at Sanford High School under the supervision of Hazel Harrison. Over one hundred entries were submitted and three winners were chosen. They were: Selena Ford, Donna Talbot and Jayson Allain. This seal was used on all stationery, certificates and coins. Now that the Bicentennial is over, the Sanford Lions Club is using the seal as their insignia.

A special birth certificate was designed for all babies born in the H.D. Goodall Hospital in the Bicentennial year, (there were approximately 600 babies born in 1976). The design included the Town Seal, designed by Selena Ford, and the American Revolution Bicentennial Administration seal.

A Fire Hydrant Painting Contest was initiated, co-sponsored by Sanford Water District and the Bicentennial Committee. Prizes were won by Marc L'Heureux, Jeff Marlowe, Margaret Maurais and Tanya Seredin

On February 28th, the Founders Day Dance was held at the American Legion Home. Colonial dress was encouraged in order to compete in the "Best Costume" contest.

The Wagon Train marked the beginning of the Bicentennial Committee's concentrated efforts. On May 16th, the Maine Wagon Train arrived in Sanford and camped overnight at Ridgecrest Stables in Springvale. A beef barbeque was served to over six hundred people and entertainment was furnished by members of the Wagon Train and local talent.

On May 26th an old fashioned Ice Cream Social was held at the local Dairy Queen with cake and help furnished by the Bicentennial Committee.

The Horseman's Parade was held on June 5th. The parade included about 45 units in 4 divisions with over 100 people on horseback or in horse and pony drawn vehicles. Frank Higgins was the Grand Marshall.

The Birthday Celebration was held on July 3rd and 4th and was, of course, the biggest event planned by the Bicentennial Committee. It began with a Band Concert by the Sanford Community Band at Gowen Park Bandstand on the evening of July 3rd followed by a fireworks display. Also, a street dance was sponsored by WSME Radio Station.

On July 4th, the day commemorating the Independence of America started off appropriately with the ringing of church bells in Sanford and Springvale at 7:45 and was followed by an outdoor non-denominational worship service at 8:00 in the Cobb Stadium.

Mabel Sanborn, one of the oldest residents at 99 years of age, was the Grand Marshall of the mile long parade which stepped off at noon. There were games for young and old at Gowen Park in the afternoon.

The Birthday Party began that evening with a band concert at Gowen Park presented by the Sanford-Springvale Community band. Featured was a five hundred and seventy five pound cake baked by Gene's Bakery of Sanford which had three candles in red, white and blue. The first candle was lighted by skydiver Edward "Buddy" Keefe of Rochester, N. H. Gus Pappamikiel, the oldest man to attend the Birthday Party at the age of 83, lighted the other two candles. The cake was cut by Grand Marshall Mabel Sanborn. A snake dance with children carrying flares and a community sing followed. The final event of the evening was a talent show.

Community Band Concerts were held at Gowen Park at 7:30 every Sunday from July 4th to August 15th under the direction of Angelo Tsika.

On August 8th, a Merchant's Parade was held in conjunction with the Sanford-Springvale Merchants Association. Edwin Thayer of Sanford was selected Grand Marshall since he was the oldest working merchant. Several prizes were awarded.

On October 23rd, the Sanford High School Glee Club presented a Bicentennial Concert at the Memorial Gymnasium. Over sixty students performed music that spanned three centuries under the direction of Donald Parsons.

On November 20th, a Bicentennial Fashion Show was held at the Memorial Gymnasium. Mrs. Carl Deis from Saco and her entourage showed outfits ranging from the early 1800's to the 1970's.

Beta Sigma Phi Sorority was vital in the organization of the Honor Roll. On Veteran's Day, November 11, 1976, a Rededication Ceremony was held at the Memorial Gymnasium following the parade. The Bicentennial Committee presented plaques to the town representing each of the seven major conflicts in which the United States was involved. These were presented in commemoration of the citizens who had participated and the bronze plaques were hung in the foyer of the gymnasium.

A calliope was built as one of the projects of the Committee. It was modeled after a calliope in the Ringling Museum of the Circus in Florida. It was seen in many local parades throughout the year. It is hoped that it will be enjoyed by future generations.

(Mrs.) Irene D. Merrifield Bicentennial Historian

FOURTH OF JULY ADDRESS

BY WILLIAM GRAHAM COLE

SANFORD-SPRINGVALE BICENTENNIAL CELEBRATION .

1976

Catherine Drinker Bowen has described the creation of the Constitution of the United States in 1787 as a "Miracle at Philadelphia." But, that "miracle" was made possible only by an earlier wonder, also at Philadelphia, whose bicentennial we celebrate today.

The adoption and signing of the Declaration of Independence by the Continental Congress in July of 1776 bears witness to several aspects of the American character which go before and persist beyond that historic day.

We were not then as we are not now characteristically a radical people. Remember that hostilities had broken out almost fifteen months earlier; that British troopshad been killing colonists (and vice-versa) since April 19, 1775, the date of Lexington and Concord. There was no panicky stampede to cut the ties binding the American colonists to their mother country. The sober and restrained leadership of the colonies remained persuaded for a long time that due process would work, that the common law could resolve their problems, that the answer was not to be found in bloodshed. Only the wilful stubbornness of George V and his chief ministers, against considerable enlightened parliamentary opposition, finally drove the Congres to declare independence.

We were not then, as we are not now, a hasty people. Sometimes, like George V, we can be maddeningly slow about righting wrongs. We still have not done all we should to extend the promise of two hundred years ago to all of our citizens. There are still far too many Americans who are denied their "inalienable rights of life, liberty and the pursuit of happiness" with which they have clearly been "endowed by their Creator." And there are no reasons for that denial which are defensible except on grounds of blind bigotry and greed. It is not surprising that some of the victims of that deprivation and discrimination should, like Sam Adams and Paul Revere, be calling for action, immediate, vigorous and, if necessary violent action as not only inevitable but desirable. Only so can the issue be faced and joined.

But, the bloodshed at Concord and Lexington, however gratifying to the radical, militant minority of the cause of independence, was neither sought nor welcomed by the more sober, responsible leadership of the colonies. They continued to hope for democratic process, for justice under law, to fear mob violence and mob rule. John Adams defended the British soldiers accused in the so-called "Boston Massacre" because he believed in the traditions of democracy and of due process. So, 1976 should remind us that we

are driven to violent, radical measures only as a final resort. Our traditions are deeply rooted in belief in the ballot rather than the bullet as a means of solving our problems.

Only once, in our two hundred years as an independent nation, has the minority in a national election refused to accept the verdict of the established process, having resort, instead, to arms, in 1861. We still carry the painful scars of that dreadful bloodbath which divided households and set brother against brother. Please God, we shall not again take to the barricades to resolve our differences! Our most recent crisis, which shattered all precedents, resulting in the only case of resignation of the nation's two top executives in two centuries, was endured and transcended, thanks to our stability, our moderation, our long-established reliance on due process. What was on one side an occasion for national shame is on the other a reason for national pride. Few other nations in history could have passed through such turbulence with such steadiness. We were then, as we remain now, the wonder of the world!

Page Smith, the distinguished historian and biographer of John Adams, has for the bicentennial produced an impressive "people's history of the revolution" which he entitles A New Age Now Begins, taken from the quote from Vergil adopted for the Great Seal of the new United States of America. He points out that our Revolution was seen by our founding fathers as the beginning of a new era when all the shackles of monarchy and tyranny should be cast off and all men everywhere should be free. He goes on to show how subsequent revolutions - the French in 1789, the Russian of 1917, and the Chinese from 1912 to 1948 have proven far different in character and in result. It would not be unfair, one hopes, to say that the American Revolution, today officially two hundred years of age, was a moderate one, changing more of form than of substance. Its successors were much more radical, cutting literally to the root. The citizens of France, Russia and China suffered a far more significant change in their daily lives as a result of their revolutions, than did the American colonists. We were not in 1776 as we are not in 1976 a radical or hasty people.

But, we were then and remain now a nation with a lively sense of providence, of destiny and of duty. Our founding fathers, for all their differences of denominations, were men of deep religious conviction. The separation of church and state, a firm plank in our heritage, is principally the result of the ecclesiastical diversity of our ancestors. They simply could not agree as to which church should be established and therefore agreed that none should be. But, that does not mean that the founding fathers were indifferent to religion. Even the most skeptical of them believed in a Supreme Being who had infused certain immutable moral laws into His creation as firmly and as indelibly as the laws governing nature. They belonged to different churches, to be sure, and therefore agreed that no one of their denominations should enjoy any advantages over any other. But, whatever the niceties of

difference in their creeds or their cults, in the details of their policy or their piety, they were by no means indifferent to a cosmic claim of moral responsibility and religious obligation. All our significant documents as a people - from the Mayflower Compact to the Bill of Rights - bear witness to the lively sense our fathers felt of accountability to a Law of Divine origin and institution.

The men who signed that historic document which was the result of that first "Miracle at Philadelphia" would have been little concerned about an issue that has recently troubled our body politic - the problem of religion and the schools. They were agreed that no law should be enacted giving preference to one sect or denomination over another. But, that did not mean to them a separation of religion and education, or a separation of religion from life. Both houses of Congress are regularly and daily opened with prayer, an exercise routinely included in the ceremonies inaugurating our Presidents and our Governors. All branches of the armed services continue to appoint and to support ordained clergymen of all denominations as chaplains. We do not have an established church, but that has never meant that we are a secular people. We have never experienced a chief executive who was an avowed atheist. Thomas Jefferson was perhaps the most freethinking of all our Presidents, but even he wrote, concerning slavery, "I tremble for my country, when I reflect that God is just; that His justice cannot sleep forever." And, Jefferson solemnly swore "upon the altar of God eternal hostility against every form of tyranny over the minds of men." Our coins proclaim that "in God we trust," our pledge of allegiance recognizes that we are one nation "under God."

It was not so long ago that we found it difficult to engage in formal worship together, questioning mixed marriage ceremonies, registering considerable suspicion of one another across sectarian lines, all of which undoubtedly influenced certain court decisions about financial aid to church-related schools and prayers offered at the beginning of a school day. But, for the most part, all of that sectarian suspicion and bickering is now behind us. We have happily learned that prayer does not require either a church or an ordained clergyman. It is an act that can be performed anywhere, anytime, by anyone. It need have no sectarian implication or dimensions of any kind. Our courts have surely been sincere in applying the First Amendment in such a way as to prohibit any sort of governmental financing of religious education as well as any official prayers in our schools. I would humbly suggest on our two hundredth birthday that our judges have confused apples and oranges. I would be the last to advocate any abrogation of the First Amendment, the extension of any privilege of any sort to one sect, denomination or church over any other. But, that does not call for the total secularization of our schools which can as properly begin their work day with a request for divine blessing as either house of Congress. Nor does it prevent tax dollars from being used to assure quality of education in parochial schools, so long as those

dollars are equitably distributed in a formula not unlike that governing presidential candidates.

The Book of Common Prayer contains a petition that could serve equally well as a description of the American people through their two centuries of independence. The prayer asks that we may always prove ourselves "a people mindful of Thy favor and glad to do Thy will." Without arrogance or self-righteousness, it seems proper to say that so we have, as a people, been. For two hundred years we have manifested moderation and patience as against hasty radicalism, and we have shown a degree of genuine piety and of sincere faith.

One further quality is to be found at our birth in 1776 and still persists today. We are a people who dream dreams. The Pilgrim Fathers at Plymouth and the Puritans at Massachusetts Bay believed that they were creating a New Jerusalem, a nation under God that should be inhabited by a new race of saints. Early in our national history, our forbears began to envision one people, stretching across the entire continent, from Atlantic to Pacific, the richest, most powerful, most virtuous nation in history and on earth. One eighteenth century writer prophesied that rocks would disclose their hidden gems, that huge mountains of ore would provide the people with inestimable riches, employing millions of hands to make an infinity of utensils. The stones of inexhaustible quarries will be piled into great cities. "O ye unborn inhabitants of America!" he concluded, should these pages survive and these alphabetical letters remain legible, "When your eyes behold the Sun, after he has rolled the seasons 'round for two or three centuries more, you will know that in Anno Domini 1758 we dreamed of your time."

Do we still dare to dream, to look forward two or three centuries with confidence and with hope? Or have we become "sicklied o'er with the pale cast of irresolution," filled with doubt and loss of faith? It was not all that long ago that Martin Luther King stood on the steps of the Lincoln Monument in Washington and cried to a hopeful multitude, "I have a dream!" He knew that America never promised equality of status. That has been the stock of the Marxists who have never been able to deliver. America has been more modest, promising only equality of opportunity, which can be delivered, if we are true to the dream, if we dare. Do we, as we enter our third century, truly dare to dream?

Can we see the day when we shall live together as one family, regardless of skin color or hair texture, or the shape of our eyes, or the accents of our tongues, or, indeed, our gender, when every human being is valued and respected, enabled and encouraged to walk in dignity and in full humanity? Do we dare to think of a time when we shall have put the genie of nuclear power back into the bottle, to be used solely for peaceful, constructive purposes? Can we dream of cleansing our air and earth and water, putting an end to the pollution of the fragile envelope which sustains that

strange mystery called life? Can we harness technology so that it serves human values instead of human greed?

Can we muster the know-how and unite it with the will power to abolish poverty and hunger, filth and famine? There is much that remains to be done before the American dream, so fairly begun two hundred years ago, finds its fulfillment.

So on this bicentennial celebration of our nation's birth, let us look not merely backward with pride but forward with faith. With Abraham Lincoln may we ask not that God shall be on our side, but rather that we may be found on His. So, and only so, will Mr. Lincoln's dream come true, that "This government of the people, by the people, and for the people shall not perish from the earth."

TOWN OF SANFORD

AUDIT REPORT

March 28, 1977

BOARD OF SELECTMEN Town of Sanford Sanford, Maine

Gentlemen:

We have examined the Statement of Financial Condition of the Town of Sanford, Maine as of December 31, 1976 and the related statements of general fund surplus and departmental operations for the year then ended.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying Statement of Financial Condition (exclusive of fixed Assests Schedules) and related statements of general fund surplus and departmental operations present fairly the financial position of the Town of Sanford, Maine at December 31, 1976 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

PAUL A. LEROUX, Jr.

Hours: 8:00 a.m. - 12:00; 1:00 p.m. - 4:30 p.m.

NO SCHOOL NOTIFICATION

The "No School Signal" will be sounded only on those occasions when concern for the pupils makes it imperative.

Parents are urged to keep their children at home, even when school is in session, if road conditions in their locality are particularly hazardous.

On the occasions when the "No School Signal" is sounded, there will be no school for all pupils for the entire day.

Official notification will be given whenever possible over the following radio stations: WSME, Sanford; WWNH, Rochester, N.H.; WCSH and WGAN, Portland, from 6:20 a.m. on.

The fire alarm will sound four times at 6:45 a.m. When it becomes necessary to suspend the afternoon session of school, the signal will be given at 11:00 a.m.

Report of the Superintendent of Schools

Charles A. Beattie, Ph.D.

Citizens of Sanford:

It is a pleasure to submit my fifth annual report as Superintendent of Schools in Sanford. You will find individual reports from most of the administrators and department chairmen describing their staff and facility needs further on in this report. This year I will list some of the short and long range goals I have established for the Sanford School System.

Goals

The Sanford School Committee and the Superintendent of Schools will:

1. Work to establish a Citizen's Study Committee.

The purpose of this study committee is four fold:

- 1. To help establish better communications between the community and the School Committee.
- To offer the community an opportunity to have some direct input into the educational system.
- To help review the five year evaluation program completed in the 1972-73 school year.
- To help recommend priority lists for the School
 Committee to consider. Possible areas to be considered
 staff needs, program needs, equipment needs, etc.
- Work to institute a viable volunteer program for the Sanford Public Schools.

The purpose of this volunteer program is to help teachers and administrators meet the individual needs of each and every student in the school system. We realize the ideal in a teaching-learning situation is a one to one relationship. However, the Town of Sanford could not afford the cost of such a plan. Yet in the community we have hundreds of people ready and willing to volunteer their services on a regular basis in order to work toward the above goal.

This will not be an easy task realizing that almost two thirds of our parents work. Sanford is not unlike many other communities and yet these other communities maintain strong volunteer programs. If you are asked to participate by donating only one hour of your time each week, please say yes and do everything in your power to meet that obligation.

- III. Work to develop a continuous parent-teacher conference program. The purpose of this plan is to encourage more cooperation between the parent and the teacher(s). Certainly both parties want the best for each student. However, if the two are not meeting on a regular basis it is almost impossible to develop a cooperative plan that the parent and the teacher can revise, review, and evaluate continuously.
- 1V. Revise and review an affirmative action plan. The purpose of this goal is to insure equal opportunities for all students and staff of the Sanford public schools. Not only must we work to offer girls more athletic programs but we must review periodically the staff quotas in administration, the staff quotas at the elementary and secondary levels, and the staff quotas in all areas of the education family.

All students must have an opportunity to take any courses offered in our school system. Thus, more boys will be electing industrial arts on the junior and senior high levels. Physical Education classes will be co-educational. All clubs and extra curricular programs will be co-educational. In order to keep this plan working we must continue to evaluate our total system on at least a bi-yearly basis.

V. Work to develop competency levels needed by a student in order to receive a high school diploma.

The purpose of this goal is to assure the community at large that any student receiving a high school diploma will be capable of performing at pre-selected competency levels. This program has received a great deal of attention both at the state and national levels. Rather than wait until state mandates are made regarding minimum requirements we will work with the community, the staff, and the students in developing a competency-based graduation program for Sanford.

V1. Work to become more knowledgeable in the following areas special needs, curriculum programs, alternative education, administrative team, extra and intra curricula activities, etc.

The purpose of this plan is to not only educate ourselves, but by using the news media, educate the community at large. Because it is our responsibility to establish policies that will allow our administration the opportunity to run our schools it is incumbent upon us to know as much as possible about the educational process.

VII. Work to revise, review, and add to these goals as the need arises. The purpose of this goal is to continually evaluate and establish new and revised goals on a regular basis.

Thus, this process becomes part of our overall philosophy to meet the individual needs of each student to the best of our ability always keeping within the financial limitation established by the Town Meeting Body.

REPORT OF PRINCIPAL OF SANFORD HIGH SCHOOL

John R. Parker

Enrollment

Our enrollment as of September 10, 1976 was 1287 students. This is an increase of 5 students over last year. Local enrollment decreased by 7 students while vocational tuition enrollment increased by 12 students. Tuition enrollment was 98, of whom 68 were enrolled full-time and 30 were enrolled as part-time students. Students were enrolled from Noble (26), Traip Academy (22), Wells (15) and York (5) on a full-time basis, and from Kennebunk (2), Massabesic (26) and York (2) on a part-time basis.

The transfers in continue to approximate the transfers out and dropouts so that an opening enrollment of about 1300 students seems assured for the immediate future.

Year	Resident	Tuition	Total
Freshman	329	0	329
Sophomore	320	1	321
Junior	312	61	373
Senior	227	36	263
Post-Graduate	1	0	1
	1189	98	1287

Facilities

This is the seventh year in this building and its use continues to increase. The day school academic program constitutes only a portion of the building utilization. It is also used extensively for such other programs as the Adult Evening School, the York County Community College, SMVTI, the girls and freshman boys basketball programs, dramatics, Warrant Committee and other town functions. It should be noted that none of the non-day school use has been recompensed in the operational budget of Sanford High School.

The overall condition and appearance of the facilities speak well for the care shown by our custodians, students and the teaching staff.

Academic Program

Sanford High continues to offer its students a variety of academic courses, taught in-the-main by well qualified instructors. There are 144 courses offered in 296 sections. Courses range from Special and Remedial Education through Math V, C.P. Physics and French IV. Exploratory courses are offered in the Vocational Department and strong shop programs are offered in 11 areas.

College level courses are available through the cooperation of Nasson College and Sanford High continues to accommodate practice teachers from several nearby colleges and universities.

All sophomores were given the Otis Vocational Interest Survey which is used as a guide to Career Exploration.

In addition to periodic individual testing all freshmen, sophomores and juniors were given the lowa Test of Educational development which measures achievement in Reading, Language Arts, Mathematics, Social Studies, Science and Use of Sources.

The junior and senior high school math and English teachers combined to produce a SCORE test, the results of which will be used to assist in the proper placement of students in math and English courses.

Faculty

The present faculty has 6 new members, all of whom were hired as replacement for retirees or transfers.

Evaluation & Accreditation

Sanford High School is fully accredited by the New England Association of School & Colleges (the regional accrediting body approved and endorsed by the U.S. Dept. of H.E.W.) and by the Maine Department of Educational and Cultural Services.

Extra-curricular

Sanford High School continues to offer musical, dramatic and community service activities of a varied nature. Our combined extra curricular and athletic programs are among the largest in the State of Maine. During the last school year 14 dances were held, as well as various concerts, plays and other activities.

Athletics

Our athletic teams compete in the state's most competitive conference. Our coaches and our athletes are to be commended for their performances, many times under extremely adverse conditions. Additional girls sports are needed. Track and field

facilities have not kept up with those of the more prominent sports.

Tennis was instituted this year through the financial generosity of Mel Day, a member of the English Department.

Twenty-two teams were fielded during the past year. These included basketball (5), Wrestling (2), Baseball (3), Track (2), Tennis (2), Golf (1), Field Hockey (2), Cross Country (2) and Football (3). Winning seasons were recorded by 18 of the 22 teams competing.

Highlights of the athletic season were:

- Wrestling (21-1) won Sanford Invitational, Southern Regionals and State Championships.
- Football (8-1) won Southern Division Crown.
 Paul Belanger awarded Fitzpatrick Trophy.
- Girls track won Big 8 Relays and were Southwestern Maine Conference Champions.
- 4) Boys basketball (12-6) made Class A Tourney.
- 5) Boys track (9-4) finished 4th in State Meet.

Follow-Up

The Class of 1976 graduated 258 students, a follow-up of which shows that:

39% continued their education on a full-time basis

45% are employed (82% locally)

1% married

10% in Federal service

5% unemployed

100%

General

Sanford High School continues to have a student body, faculty and staff second to none. The Boosters continue to offer their support of our varied programs.

My personal appreciation to all who continue to support Sanford High School.

Richard J. Damelio

The past school year at Sanford Junior High School has been a year of both accomplishments and frustrations.

Accomplishments

With the opening of the school year, we saw several new programs beginning at Sanford Junior High School.

ALTERNATIVE PROGRAM

A Title IV proposal was written by myself, John Ford, the school system's previous Curriculum Coordinator, and Dr. Sebastian Milardo, an administrator and psychologist with York County Counseling. This proposal was approved last June for implementation in September of 1976.

The purpose of this three year grant is to provide an educational environment for 20 students, grades 4-8, of average intelligence, who are having a lot of difficulty adjusting to school.

Such things as truancy, severe acting out behavior, emotional disturbancies and total disenchantment with public school are some of the problems a youngster in this program may be experiencing.

Another major component of the project has been the inservice training aspect for teachers.

It is expected that approximately fifty percent of the teachers in the school system will have an opportunity to participate in workshops that are intended to help improve their student management skills.

As of this writing, the project is only six months old and it is difficult to determine its overall impact on education in Sanford, but I feel confident its influence will be a positive one.

BICENTENNIAL ACTIVITIES

Under the direction of Mrs. Jacqueline Shaw, the Sanford Junior High School faculty and students were involved in a very successful series of bicentennial activities this past year. Below, please find a list of the various activities and their purposes:

Heritage Supper

To give our students and the community a better understanding of the various ethnic groups living in the community.

"The Give Yourself Christmas Tree" This activity was held in hopes that the youngsters would see how important it is to help our fellow man if we are going to continue to stay strong as a nation.

"Writing and Art Contests"

This activity provided our youngsters the opportunity to express their feelings about the bicentennial.

"Old Fashioned Square Dance"

This was an attempt on the part of the school to show to the community and the school a form of entertainment that dated back to an earlier period of our country's beginning.

"Bicentennial Fair"

This activity acquainted our students and the community with many of the vocations of this country's early settlers.

"Old Fashioned Days"

What we attempted to do was provide for the youngsters some concept of what public school was like at its inception in our country.

"Ouilting Project"

Mrs. Mary Dumas, Home Economics, had her students hand stitch a beautiful bicentennial quilt that was then raffled off at our Fair.

We feel that many of these activities proved to be educationally rewarding. The money earned from these activities also helped us reach another goal for the bicentennial year. That was to purchase a good used School Bus!

This goal was reached in December of 1976 when we purchased a 36 passenger school bus.

This bus will provide us the opportunity to bring many of our students on field trips and expand our mini-course program. Because of the lack of funds, we have had to charge youngsters in order to have these activities in the past.

The community, I am sure, has complimented these teachers and students many times for their dedication to this project.

TITLE IX

Within our school we have completed making the necessary organizational changes in our school program, in order to meet Title IX guidelines. We no longer have any school programs that exclude male and female students as indicated under the law.

There still continues to be one area that must be improved in order to equalize our program for girls and boys. Our athletic program is not as yet at the point where we are offering a girls' program equal to our boys'program.

It is unfortunate that it has taken legislation by the Federal Government to bring this about, but I guess it has proven to be a necessary catalyst.

Our boys program currently includes four interscholastic sports (football, basketball, (grades 7 and 8) and baseball), while our girls program includes just two sports, (basketball and track).

We will have to continue to expand both programs in order to meet the needs of more of our students, but we will have to put more emphasis on our girls' program if we intend to conform to Title IX guidelines by its implementation date, which is September of 1977.

Frustration

SPACE! SPACE!!!

As I have indicated in my previous report, additional space is still our greatest need. This we are finding as terribly frustrating.

The enrollment is continuing to increase, (662 youngsters this year as compared to 632 on opening day of September 1975) and the faculty continues to make every effort to meet the needs of their students, but the size of our facility continues to hamper our progress.

Our library is terribly inadequate for the 660 students attending the school.

We lack adequate space for our Reading, French, Learning

disabilities and resource center programs.

Other areas that are crowded or not adequate are the Open Area, which houses four teachers in an area originally designed for two, our Home Economics area, our Instrumental Instructions area, and our Administration, Guidance, and Nursing units.

Teacher work space and storage space are also a serious problem.

Another area that is fast becoming inadequate is our gymnasium. The increase of our intramural and interscholastic athletic programs, coupled with increased usage by other departments in the school, is beginning to create a scheduling problem.

Our cafeteria is not adequate for the number of youngsters attending this school. It is greatly in need of expansion. Something must be done, and soon!

Faculty and Staff

We had six new people joining the faculty this past year.

Mr. George Kiley joined the faculty in October of 1976 as the new Assistant Principal. Mr. Kiley replaced Mr. Frank Elliott. Mr. Elliott returned to our Industrial Arts department at the start of this school year.

Mr. Donald L'Heureux is the new Guidance Counselor at Sanford Junior High School. He replaced Mr. Roland Normand who left to enter private business.

Mr. L'Heureux came to us from Sanford High School as a result of a reduction in the size of the guidance department at the high school.

Replacing Mrs. Janice Webster as an English teacher and English Department Head, is Mrs. D'Lila Terracin. Mrs. Terracin comes to us with nine years of experience in junior high school education. Her previous position was at King Junior High School in Portland.

Mrs. Webster joined the English department of Sanford High School this past September.

Miss Sandra Michaud also joined our English department this past October. She replaced Mrs. Mary Ellen Normand who took a year's leave of absence in September.

Also joining our English department is Mr. William Ferguson. He was hired because of the enrollment increase we experienced.

Miss Michaud is a 1976 graduate of the University of Maine at Portland, and Mr. Ferguson recently graduated from the University of Maine at Orono.

Replacing Mrs. Rita Howe in our Science department this year is Mr. Kent Kannenberg. Mrs. Howe is on sabbatical at Western Michigan University in Kalamazoo, Michigan.

Conclusion

The commitment and dedication shown by the faculty and staff continues to be the ingredient that has been most responsible for the success we've experienced at the Junior High School over the past year.

In addition to this, the cooperation I have received from the Superintendent and his staff, the School Board and the Community and student body, has been greatly appreciated.

I feel confident Sanford Junior High School will continue to take a leadership role in junior high school education in the years to come.

REPORT OF THE MIDDLE SCHOOL PRINCIPAL

W. Bruce Parsons

Enrollment:

As of December 1, 1976 the enrollment at the Middle School was 738 as compared to 787 on December 1, 1975. For the next year or two the Middle School should continue to maintain this lower enrollment level.

Personnel:

The following new teachers joined the staff in September:

Miss Mary Gillings - Music

Mrs. Dorna Patterson - Assistant Teacher (Title 1)
Mrs. Heather Sadlier - Remedial Reading (Title 1)

Miss Leslie Warner - Grade 4
Mrs. Gail Roller - Grade 5

Program:

After one full year's experience in the new team organization at the Middle School (School Year 1975-76) the staff feels very positive about it and in May expressed their support for its continuance. The school continues to offer a variety of learning environments, including open areas, self contained classrooms, and teams where teachers share their teaching responsibilities in a variety of ways.

In September the school staff formulated the following goals:

- 1. Improved playground facilities.
- Improved communication within the building and staff.
- 3. Establish a discipline code.
- 4. Set up a first aid course for teachers.

During the first four months of the school year a committee of teachers designed pieces of equipment and with the help of the vocational school's welding classes, two jungle gym type pieces of playground equipment were made and installed.

As part of the new Parents and Students Guide a discipline code was included. A basic Red Cross Course for teachers has been held.

Through the use of a suggestion box, daily notes for the teachers, frequent staff meetings with the minutes of all staff meetings published and through a general effort by the entire staff, communications within the school have improved.

Curriculum:

In September new English, Spelling and Social Studies material was available for students in all classes - grades 4 - 6. Plans are being made for renewing the school's reading program. These new materials will be available in the fall of 1977. With this completed the curriculum in all major areas will have been revised and up-dated in the past three years.

Facilities:

During the summer the Middle School parking lot was changed to the North Side of the building and traffic behind the school during school hours was eliminated. The change has resulted in a more manageable and more sheltered playground, and a much safer area for students.

New Fourth Graders:

In May incoming 4th graders were bused to the school, given a tour of the building and introduced to some of the staff members. In addition, Mrs. Forrest, our Guidance Counselor, went into the 3rd graders' classrooms in order that they could ask more questions and become more knowledgeable about the Middle School.

Parents and the School:

Parents' support for the school has been excellent. Donuts for Dad and Open House were well attended. For the second year over 280 conferences were scheduled and held on conference day, and at our Christmas Program, with over 300 students participating, the audience exceeded 700. A similar turnout watched a Middle School Physical Education night in the spring.

This year the Middle School Parents Group voted to drop its National and State affiliation with the PTA and to become a PTO. There are to be four meetings a year held in October, November, March and April.

In the fall a Guide to the Middle School for Parents and Students was prepared. The booklet is intended to establish closer communications with the home by informing parents about some of the school's programs schedules and policies.

In the past three years many changes have taken place in the Middle School. Most of these changes have been accomplished by the teachers and the administration. As part of the continuing effort to create a school more responsive to the students' needs, parents and the community need to take a more active role in the school in the future. I urge you to become as knowledgeable about your Middle School as possible and to seek out ways in which you as a parent or a citizen of Sanford can help shape the future for your children and future neighbors.

REPORT OF ELEMENTARY SUPERVISOR K-3

Clyde P. Kimball

I hereby submit my annual report as Elementary Supervisor K-3.

The enrollment of the six elementary schools as of October 31, 1976 were:

Edison 183
Emerson 178
Lafayette 178
Lincoln 178
Roosevelt 303
Central 41

This is an increase of 19 pupils from last year. We again had a large kindergarten so in the last two years, with our large kindergartens, the trend is still going for larger classes. Our kindergartens are averaging over 50 students per teacher. Forty pupils per teacher should be considered a maximum if possible.

In 1976 we dropped a second grade and a third grade teacher. This brought our class enrollments up from $25\,+\,28$ pupils per class.

The Music Supervisor, the Art Supervisor, the Speech Therapist, and the L.D. teachers were dropped from the elementary schools. Dropping all of these supervisors in one year could not help but hurt the elementary schools. I think we should plan ahead, and if we can only start by hiring one back each year, we will be taking a step in the right direction.

We have started a new Federal funded program of Remedial Math with Marsha Merrifield the teacher. Her schedule is as follows:

Monday - Central & Roosevelt

Tuesday - Edison Wednesday - Lafayette Thursday - Emerson Friday - Lincoln

Because of retirements, four new teachers were added. Marilee Musters and Deborah Doiron at the Lafayette School and Celeste Steele at the Lincoln School. Mr. Spielvogel was hired as a teaching principal to teach the second grade to replace Mrs. Rand, who is still teaching third grade, at the Edison School.

The Math classes at the Edison, Emerson, Lafayette, Lincoln, and Central Schools are proving very successful.

The softball league that we have in these five schools is very popular with the boys.

The principals and I worked together on any problems that they need help on.

There have been very few problems with transportation. With the cooperation of the principals and the bus company, things have worked out smoothly.

CENTRAL SCHOOL

There are three classes at Central School, one third grade, a primary trainable class of 11 and an intermediate senior class of 7.

Under the suggestion of the Teachers Council a 4th classroom has been temporarily converted into a Recycling Center. As materials are brought in they are sorted and positioned by the senior T.M.R. class. The workshops have been conducted illustrating "hands on" teacher-pupil projects which can be made with these discarded items.

As part of a money management skills program, all the students of the senior T.M.R. class started bank accounts, and weekly trips to banks with deposits to individual accounts are helping to establish the "thrift-habit".

There is an ongoing program in its tenth year, of assistance by high school co-op and Nasson students with the special education program.

The conference room is available as classroom for Adult Education classes and for two mothers groups, who meet under the guidance of Anna Lou Palmer, school social worker, and Dr. Sebastian Milardo, school psychologist. Children of these mothers are supervised by Jean Paul and her assistants.

A much needed service is being performed by Hope Woodward Hopkins, registered Physical Therapist, 3 mornings a week under the Title 1 Program. Work is being done to lessen the weaknesses of sixteen T.M.R.'s in balance, dexterity and coordination.

The annual year-end program was held in June under the direction of Dorothy Anderson and awards for improvement, academic excellence and a reading contest were given.

EDISON SCHOOL

The Edison School continues to offer a choice between educational programs. The multi-level classroom entered its third year and now has eighty-two students. The self-contained classrooms and the multi-level program are similar in their striving to provide individualized education to the students.

Our volunteer program was successful, with many parents donating time to assist in the classroom or the office.

EMERSON SCHOOL

This fall a handbook has been printed for Emerson School and distributed to all parents of students in attendance. We felt this was necessary to answer the questions of over 100 parents whose children are attending school full day sessions for the first time as well as their being in a new school environment. This handbook also serves well to inform parents of newly registered students. Over 250 copies were made. In the spring more copies will be sent to the Roosevelt School Kindergarten to be disbributed to those next year. Hopefully, this will alleviate the myriad of questions parents may have about the Emerson School.

Again this year we have been fortunate to have the services of several more school volunteers. In addition to helping in the office with clerical work and preparation of teaching materials, - some volunteers this year are assisting teachers during noon-time lunch duties. Although no volunteer is left without the support of a teacher in authority, this noon time help makes it possible for a teacher to get at least 10 minute free at lunch time which is a welcome respite in a day that often goes from 7:45 to 3:30 without a break. Among the volunteers, Mrs. A. Turner who serves as coorpidantor of volunteers, Mrs. S. Roberts

and Mrs. P. Yuill - librarians Mrs. J. Grossi, Mrs. K. Baker, Mrs. H. McCann, Mrs. P. Caron, Mrs. M. Perkins, Mrs. C. Weeks, Mrs. D. Searles, lunch and for the office.

Another welcome volunteer is Mr. Roger Gervais, a retired carpenter, who works with 3rd grade boys and girls in our woodworking shop in the basement. The boys and girls have been making birdhouses and cribbage boards.

Dr. Bart Ciampa has also been volunteering several Friday afternoons to music in the 3rd grade. His wife contributes time to craftwork for the 3rd grades on occasion.

It is impossible to express how very much we appreciate this parent involvement in our school !!!

LAFAYETTE SCHOOL

The breakfast program begun last year in the transitional first grade at the Lafayette School has been continued this year. Between sixteen and twenty-three children are served cereal, fruit, and milk each morning as they arrive at school. This program is now funded by a Federal Grant.

LINCOLN SCHOOL

Our school continues to be fortunate in having the volunteer services of Mrs. Sheila Vacarro who takes care of our school library once a week. She is assisted by other mothers who give their time generously. In addition to this, Mrs. Joanne Vermette of the Springvale Library comes once a week to circulate library books among our pupils. Mrs. June Miller, who is the school secretary, volunteers three afternoons a week to assist the teachers and pupils. Words cannot express how grateful the teachers are to have these people assist us.

At this time, the staff wishes to thank Mr. Clyde Kimball for his support and assistance. Once a week he relieves a teacher of her noon duty, teaches a small group of children who need help in Mathematics and supervises the playground where he gives the boys a "lift" as they play ball, etc. Many thanks, Mr. Kimball.

ROOSEVELT SCHOOL

A pre-school screening program was conducted, for the first time in Sanford, at the Roosevelt School in June 1976. 239 children, who were registered to enter school the following September, participated. This program was set up to attempt to meet State guidelines, and to assist the kindergarten teachers in planning a program that would meet the individual needs of each child entering school in September. The screening device measured language development, large muscle development, eye-hand coordi-

nation, listening and matching skills. It did not attempt to assess abilities or disabilities, indicate a child's progress in school; nor was it used as a criterion for entrance to kindergarten or to compare children's abilities.

The parents of children who had serious problems with the screening exercises were notified and sent a list of suggested activities, which would be beneficial in preparing their children for school.

A screening program will be conducted here again in the late spring of 1977.

304 pupils entered Roosevelt School in September 1976. The only change in our former staff of 6 teachers and three aides was the welcome addition of another aide hired through the CETA program. Because of the large pupil-teacher ratio, the additional staff member was a tremendous help.

With some minor changes, the skill development and readiness programs are being continued.

I have enjoyed working with the Superintendent, principals and teachers, visiting classes, holding meetings, working on committees and helping wherever possible.

REPORT OF THE AUDIO-VISUAL SPECIALIST

Kenneth Johnson

The current school year has shown a decided increase in the usage of audio-visual materials and equipment.

Circulation at the Middle School Library seems to have leveled off at approximately 150 books per day. However, due to the new curriculum structure and team approach at the Middle School, the library is being utilized far more frequently by teachers and students for research purposes and is generally a busy spot throughout the school day.

A.V. software is being gradually updated to meet the demands of curriculum for suitable materials in the different subject areas. Budget limitations are a factor in this process, however, and the updating and renovation of materials is not as rapid as I would like to have it.

I would like to see the position of library aide reinstated so that I might again be able to offer better service and more fully meet the needs of the students and teachers.

REPORT OF SCHOOL HEALTH SERVICES

Jeanne A. Gauthier, R.N.

The primary purpose of any school health service is the prevention of poor health habits and the education of students, parents and teachers in attaining this goal.

Pre-school registrations which consist of physical exams, vision and hearing screening, and the detection of other problems that might inhibit learning skills are conducted in April for incoming students.

Physical exams are done routinely in Grades K-3-6-9 and on all students participating in competitive sports. These are performed by Dr. Barbara McCall (K-6) and Dr. Nicholas Scaccia (7-12).

Vision screening is done on all students not under private care in Grades K-1-3-5-7-9 by Dr. Kornetsky and the School Nurses. Hearing screening is performed by a trained volunteer, Mrs. Dorothy Owen in Grades K-3 and by the School Nurses in all other grades on a referral basis.

Referral slips are sent home to the parents of the children screened in all of these categories if further study by their private physician is suggested.

Health Units are maintained by nurses in High School, Junior High School and the Middle School- the purpose being- the number of students confined to a building. In these units, First Aid is administered, nursing problems attended to and Health Services are utilized.

Each student in the school system has his own health record and Emergency Card. These are for the purpose of obtaining information relative to the student's health history and for purposes of contacting parents of illness and emergencies.

Any program is only as successful as the cooperation received from the participants involved. Parents and teachers as well as other school personnel must work in unison for the good of each student. Parents can be most helpful in reporting communicable diseases to the teachers of the school their child attends and keeping their children at home during this time period and taking their children to professionals for further evaluation if recommended.

We again thank all the people with whom we have successfully worked with during the past year for their support.

REPORT OF THE COMMUNITY ADULT EDUCATION DIRECTOR

John E. Webb, Jr.

Community Adult Education has evolved with the growth of American Democracy. For more than two hundred years, leaders in business, government, and religious thought have realized the importance of Adult Education for the improvement of all concerned. Today, standing on the threshold of the 21st century, Adult Education is expanding its clientele to become one of the largest segments of education.

PHILOSOPHY

Educational opportunities in all areas should be available at little or no cost to help adults operate effectively as citizens, to develop their over-all potential, to understand and relate better to their physical and social environment, and to improve their economic condition.

A rapidly changing society and a complex technology have increased the necessity for life-long learning. Training and retraining are mandatory in the vocational sphere. Greater competition in the job market has increased the need for a higher level of education. Increased leisure offers opportunities for the pursuit of interests in the avocational areas. Sanford's adult program should seek to meet these needs of the community. To effectively do so a counseling component should be available to help each student and plan his educational program.

Sanford Adult Evening School should provide a situation where every adult can be accepted at his present level of education and achievement, and led toward higher levels of learning and awareness. Allowance should be made for the varied backgrounds, experience and abilities of its clients. Differing individual needs should be respected and met.

An on-going assessment of the community needs and interests should aid in establishing meaningful educational programs at all levels. An active advisory board in addition to coordination and cooperation with area industries and service agencies, aides in this endeavor.

Staff training and development should be an integral part of Sanford's adult education program. Instructors must possess the expertise, time, and commitment necessary to deal effectively with adult learners.

Sanford Adult Evening School should provide adults with avenues leading toward high school completion, the development or improvement of vocational skills, increased literacy, the rewarding use of leisure time, and the acceptance of civic responsibilities.

The total program is broken down into several components:

THE DIPLOMA PROGRAM

Any person 17 years of age or older who is not enrolled in a public school may earn a Sanford High School diploma by attending evening courses. Sixteen credits, four of which must be in English and one in U.S. History, are required for graduation. Military service and work experience, as well as credits previously earned in high school, are included in fulfilling this requirement. There is no registration fee for enrolling in courses leading to diploma credit. The program is Veterans Administration approved for those veterans discharged less than ten years ago.

Credit courses are sixteen weeks in length, allowing a diploma candidate only one absence per course.

In June of 1976, thirty-one people received Sanford High School diplomas. Thomas Kane is the contact person for this program.

HIGH SCHOOL EQUIVALENCY TESTING

Any adult who passes the GED test is eligible for a high school equivalency diploma issued by the State of Maine Department of Educational and Cultural Services. Since the test is given individually, appointments for the testing sessions must be arranged by calling Mr. Webb at 324-2810 during the day or Mrs. Vincent at 324-4050 after 4 p.m.

Classes at no charge are avilable evenings to aid prospective candidates in preparing to pass this examination.

A \$15.00 fee, required by the State of Maine is charged for the exam, but honorably discharged veterans and financially disadvantaged persons do not have to pay the fee if documentation accompanies the application.

ADULT BASIC EDUCATION

This program offers area residents with less than an eighth grade education an opportunity to complete junior high school in a small informal group atmosphere at no charge.

In addition, it offers non-English speaking clients a chance to learn English and to study materials necessary to complete the naturalization process.

Home management classes are offered in homes to homemakers who may lack the necessary skills to run a household efficiently and effectively.

Frank Kane is the Counselor/Coordinator for ABE. This year the class was composed of approximately one-half foreign born students, representing among others, Korea, Cambodia, Brazil, and Canada. Among the achievements is the obtaining of a driver's license, measurable advances in reading and speaking English, and a greater understanding of the democratic process through observation of a town meeting.

VOCATIONAL

The vocational training section offers for the purpose of developing basic manipulative skills, safety judgement, technical knowledge, and related occupational information. In addition, business education courses offer adults knowledge and marketable skills needed for initial employment and advancement. These programs meet in the Sanford Regional Technical Vocational Center.

LEISURE TIME

The general division offers courses at all levels of interest. Any content at any level which reflects an interest and need to know may be presented. Courses range from holiday decorations and photography to women's exercise.

ADVISORY BOARD

The advisory board is made up of the following people: Winston A. Blaisdell, Bartholomew J. Ciampa, Peter G. Hitt, Lorraine D. Masure, Caroline H. Merrifield, Thomas Milligan, Rev. Frederick Robie, Jr., and Glenn K. Wildes.

COURSES

In the past year courses have been offered in the following areas:

Adult Basic Education Algebra 1 Algebra 11 Pre-Algebra Topics in Algebra Advanced Auto Mechanics Basic Auto Mechanics Art Arts & Crafts Bookkeeping 1 Bookkeeping 11 Basic Building Construction Cake Decorating Interior Decorating Chemistry Decorative Crafts

American History Houseplant Workshop Basic Housewiring Introduction to Housewiring Fundamental Principles of Investing Knitting Introduction to the Metric System Municipal Law Intermediate Oils Oriental Cooking Oriental Dance Occupational Safety and Health Act Acrylic Painting Beginners Photography Men's Physical Education Women's Physical Education

Advanced Crewel Basic Crewel Dog Obedience Elderly Electrical Code 1 Electrical Code 11 Small Engine Repair English 1 English 11 (Day English 11 English 111 English IV Business English Women's Exercise Family Life Contemporary Fiction Flower Arranging Foods and Nutrition Conversational French 1 Furniture Fabrication Introduction to Golf High School Equivalency High School Equivalency (Day)

Introduction to Offset & Letterpress Printing Office Procedures Psychology General Science - Optics Basic Sewing Improving Basic Skills in Sewing Intermediate Sewing Sewing for Non-Sewers Shorthand 1 & 11 Sketching Sociology Conversational Spanish Speechcraft Basic Square Dancing Advanced Square Dancing Tailoring Tennis Typing 1 & 11 Upholstery Vegetable Gardening Vocabulary Improvement Welding Woodworking for Beginners

NUMBERS

Over 3,393 adults participated in the various programs during 1976.

CONCLUSION

This is a brief and incomplete sampling of what Sanford Adult Evening School is concerned with today. What of tomorrow? Here is where advice and suggestions from the community become all important, for it is only through articulate identification of needs that the Community Adult Education Division of Sanford Public Schools can respond effectively.

REPORT OF MAINTENANCE SUPERVISOR

Roland Carrier

Roosevelt School

Some painting was done in various parts of the interior. The exterior front of the building was also painted. The front doors were repaired and painted. A new door stool was installed three inches lower to eliminate a hazardous situation. Concrete floors in the babement and the main hallway floor upstairs were painted. The boiler was cleaned and inspected in January and July by a

qualified boiler inspector. A storage area was built in the basement.

Lafayette School

A major roofing job was done in July, all gravel was swept aside and the roof was recoated with two coats of asphalt asbestos roof coating. The boiler was cleaned and inspected in January and July by a qualified boiler inspector. Some minor plumbing, heating and electrical work was also done.

Edison School

Some minor repairs to plumbing and electrical systems were done. The boiler was cleaned and inspected in January and July by a qualified boiler inspector. New fluorescent light fixtures were installed in the hallways and landings. Several classrooms had new shades.

Lincoln School

Some minor repairs to plumbing, hearing and electrical systems were done. New fluorescent light fixtures were installed in the hallways and landings. The lower section of the concrete support had a coat of waterproof paint.

Junior High School

A suspended ceiling of 2,400 sq. ft. was installed in a classroom formerly the woodworking shop. Fluorescent fixtures were installed and a section of heating element was also installed. Minor repairs to plumbing, hearing and the electric system was done. The boiler was cleaned and inspected in January and July by a qualified boiler inspector. New floor tile was installed in the main hallway and lobby. The sprinkler system was inspected every three months.

Junior High School Annex

Some minor repairs were done such as repairing of furniture, doors and windows. The concrete floors in the shop areas were painted. The boiler was cleaned and inspected by a qualified boiler inspector.

Middle School

New stair treads were installed at the north and south end of the building. New shades were installed in a few classrooms. The boilers were cleaned and inspected in January and July by a qualified boiler inspector.

SANFORD HIGH SCHOOL

Some minor repairs to heating, plumbing and electrical systems were done. Painting of four classrooms and touch-up in several others was also done. All weak emergency light batteries were replaced. The partition door in the gym was repaired. The gym floor was stripped and resealed in December. All tile floors were stripped and rewaxed at least twice during the year. A clay tile floor was installed in the teachers' room first floor.

MEMORIAL GYM

Both slope part of the roof was recoated with asphalt fiberglass roof coating. Part of the interior walls were painted red. The bleachers were also repaired again. The main floor was stripped and resealed in August. All concrete floors in the tunnel, lobby, cafeteria, shower, dressing rooms and stairways were painted. The cafeteria stage was converted to a storage area.

EMERSON SCHOOL

Minor repairs were done to the electrical, plumbing and heating systems. The boiler was inspected in January and July by a qualified boiler inspector. It was also cleaned and adjusted during the summer.

ALL SCHOOLS

Snow plowing in the school complex is done by a contractor.

Sanding and patching is done by Sanford Highway Department.

Snow plowing around the elementary schools is done by our own pick-up truck.

All soda-acid fire extinguishers which are no longer legal were replaced by $2\frac{1}{2}$ gallon water pressure type.

All extinguishers were inspected and sealed by a qualified fire extinguisher contractor.

We have been in the process of correcting safety hazards and implementing new rules pertaining to safety in all the schools as recommended by O.S.H.A. All fire alarms were checked by the fire department. All schools were inspected by the insurance company. Sprinkler systems were inspected every three months.

All of our boiler operators are now licensed by the State of Maine. We have nine operators.

Many minor repairs too numerous to mention have been done during the year. Floors are stripped and rewaxed many times during the year as well as wall washing, light fixture cleaning, windows, etc. All floors are drymopped daily, stairs, toilet fixtures and sinks also have a daily cleaning.

I would like to express my thanks to Dr. Beattie, Mr. Webb and all department heads and also all of my men for the wonderful cooperation I've received during the year.

REPORT OF THE DIRECTOR TITLE I ESEA

Kenneth Johnson

The Title I ESEA Fiscal Year 1977 which commenced July 1, 1976 was Federally funded in the amount of \$51,504 which is a decrease in funding from fiscal year 1976 in the amount of \$2,204.

The Title I ESEA budget for fiscal year 1977 is as follows:

Salaries for Instruction	\$ 48,397.53
Operation of Plant	600.00
Maintenance of Plant	451.57
Fixed Charges	2,205.00
	\$ 51,504.00

The Parent-Advisory Council of Title I ESEA approved the present program at a meeting held on June 4, 1976. The program as approved by the Parent Advisory Council, Sanford School Committee and the State Department of Educational and Cultural Services provides for services to students in the areas of remedial reading and remedial mathematics.

Several new staff members were hired to replace members that have retired. The present Title I ESEA Staff is listed below.

Linda Roy Remedial Reading
Heather Sadlier Remedial Reading
Evelyn Burrows Remedial Reading
Ruth Randall Remedial Reading Teacher Asst.
Doris Chadbourne Remedial Reading Teacher Asst.
Roslyn Levesque Remedial Reading Teacher Asst.
Marsha Merrifield Remedial Mathematics Teacher Asst.
Dorna Patterson Remedial Mathematics Teacher Asst.
Conrad Cloutier Driver/Custodian Mibile Reading Lab

REPORT OF THE VOCATIONAL-TECHNICAL CENTER DIRECTOR

Frederick A. St. Cyr, Jr.

Enrollment

Beginning enrollment for the 1976-77 school year reflected an increase in most areas as compared to the enrollment figures of the previous school year. Fall enrollments by instructional areas were as follows:

Applied Science	28
Child Care	22
Data Processing	27
Power Mechanics	29
Building Trades	37
Drafting	27
Electronics	30
Graphic Arts	24
Machine Trades	32
Metal Fabrication	30
Cooperative Education	44
Special Education	21
Total	351

Of the total enrollment of 351, 250 were male and 101 were female. Enrollment figures for Business Education, Home Economics and Industrial Arts programs have not been included in the above figures. These figures were taken from the Fall Enrollment Report as of October 1, 1976 and many of the courses have shown an increase while some have shown a slight decrease.

A total of 95 tuition students were enrolled at the Center either on a full-time or a part-time basis. Participation by each individual sending community is as follows:

(non-tuition)	Sanford High School	256	181 male 75 female
	Kennebunk High School	2	2 male 0 female
	Marshwood High School	0	0 male 0 female
(part-time)	Massabesic High School	24	15 male 9 female
	Noble High School	27	23 male 4 female
	Fraip Academy	20	16 male 4 female
	Wells High School	16	8 male 8 female
	York High School	6	_5 male _1 female
	Total Tuition	95	69 male 26 female

Facilities:

Internal renovations undertaken last year have been completed.

Vocational Special Education is now housed in Room V-11 complete with a mini-kitchen facility, classroom area, and a crafts and woodworking area. This much needed facility now allows the flexibility necessary in order to meet the varying needs of the individual student.

This renovation has also made available an additional classroom area used by several disciplines, i.e. Cooperative Education and Home Economics.

Modification of Room V-14, the Audio-Visual room is nearly in its final stages of completion for use as a Media facility for live and taped television programming. With the assistance and cooperation of the staff and management of the York Cable Corporation we not have public access to local cable television. Channel sixteen has been given to the school. This now allows not only broadcasting within the High School but also local origination into those homes within the community which have access to cable.

Electronics students on a totally volunteer basis have performed admirably bringing live television coverage into the community; sports events, town meetings, debates, cultural events and concerts are included among many.

The Sanford Adult Evening School has again utilized the Vocational facilities bringing numerous courses to the adult population. The York County Community College has expanded its offerings in the Center. Both factions have been very successful.

Two full-time staff members left positions during this past year. Mrs. Nancy Jozefowicz, a fine teacher in the Business Department for many years retired because of health and Mr. Edward Decie, Graphic Arts Instructor resigned his position in order to enter into the business field.

Added to the staff as full-time substitutes for the above were Mrs. F. Edwina Hewey, Business Education and Mr. Norman Sirois in the Graphic Arts Department.

This year has been eventful, one marked with successes and change. The community continues to be supportive of Vocational Education and its goals.

In behalf of the staff and student body at the Sanford Vocational Technical Center I express my thanks and appreciation to all who continue to support quality Vocational Education in Sanford and the surrounding areas served by us.

REPORT OF THE SANFORD SCHOOL BUILDING COMMITTEE

The Building Committee is waiting for the Maine Legislature to approve construction funds for the coming year. Until the moratorium has been lifted school construction for new or remodeled buildings will remain on a standby basis. Although it is too early at this time to anticipate what action the Legislature will take regarding the amount of money available for construction this next year, we will remain ready to take any steps necessary to help the junior high space problem.

Mr. Richard Damelio, Principal of the Junior High, is in the process of evaluating other alternatives. When he has completed his final plans the Building Committee will review them before deciding whether to become involved.

Thus, the Building Committee remains ready to take action when and if necessary. Anyone wishing to discuss this problem further should contact one of the following members:

Mr. Emil Raatikainen - Chairman

Mr. Eric Allain

Mr. John Caramihalis

Mr. Bruce Carlson

Mrs. Jean Colville

Mr. Eric Elliot

Mr. Raymond Letourneau

Mr. George Milne

Mr. Richard Neal

Mrs. Bonnie Provencher

Dr. Charles A. Beattie, Secretary

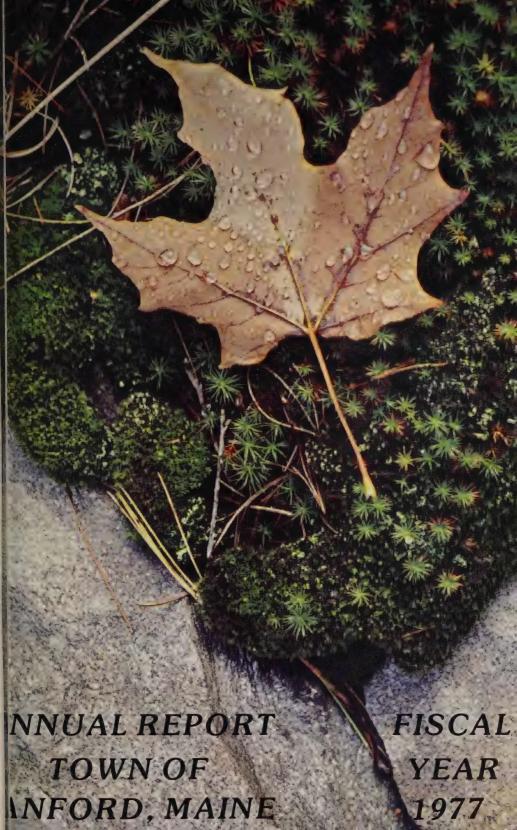

I wish to thank the School Committee, the staff, the citizens, and the students of Sanford for supporting our program and plans this past year. If we are to continue to grow and improve we will need the full support of all members of the community.

Respectfully submitted,

Charles A. Beattie, Ph.D. Superintendent of Schools

"I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not, when I came to die, discover that I had not lived."

-Henry David Thoreau

ANNUAL REPORT

OF THE SELECTMEN, ASSESSORS

AND OVERSEERS OF THE POOR

January 1 to December 31, 1977

The year 1977 was a year of continued progress for the Town of Sanford. For the first time, the Town had a full-time planner on its staff. Because of continuing growth, it was very important that this expansion be controlled by careful planning. Included in the Town Planner's responsibilities is applying for government funds. In April, Thomas Ursia came to work as Planner and began work very soon on preparing an application for funds to repair bridges on River Street. This application was successful and the Town has been granted \$764,000.00 under Local Public Works
Funding. The contract for the construction of the two bridges on River Street was awarded on December 9, 1977 and preliminary work was begun in December. The construction should be completed in 1978. Also, a new zoning ordinance was adopted at the Special Town Meeting held in May 1977 and amended at the Annual Town Meeting of December 1977.

1977 was another year of continued growth at the Sanford Municipal Airport, also. The Airport Comprehensive Plan was adopted at the Annual Town Meeting held in December 1977 and the runway lighting project on Runway 26 was completed. Paperwork has been done for the installation of a YASI system—work to begin in 1978. The Town Attorney, James Titcomb, and the Board of Selectmen are now negotiating for the acquisition of additional land in the clear—zone of one of the runways at the recommendation of the Federal Aviation Administration. Inasmuch as the Airport is one of Sanford's greatest assets, we must continue to protect it and update it every way possible.

The Town continued to take advantage of the Comprehensive Employment Training Act by applying for funds to hire employees to expand programs or to meet needs of the Town without increasing the tax rate. Three of these employees were involved in personally visiting each house in Sanford and compiling statistics concerning the population of Sanford, school-age children, housing conditions, etc. This project should be completed early in 1978. Another CETA employee has been expanding recreation programs under the direction of the Park Commissioners. A maintenance crew under the direction of George Ellis demolished a building behind the Sanford Town Hall and the Town Hall Annex to provide additional parking space and then used the salvaged

materials to contruct a garage and storage building at the Mt. View Infirmary. Other activities of CETA employees were clerical work at the Town Hall and general maintenance of all town buildings and property.

The conversion to computer record keeping and accounting was continued in 1977. The payroll checks for all Town employees, all related payroll reports, the Valuation Book and tax bills were figured and printed by the computer for the first time. This conversion will be continued in 1978 as a step-by-step project.

The Springvale Urban Renewal Project has been moving forward. New buildings have been constructed and are now partially occupied. Work has been started on rebuilding the streets, sidewalks and new lighting in the area and will be completed in the spring of 1978. Also, housing for the elderly has been started on Pleasant Street in the Urban Renewal Area.

Because of hard work by the Warrant Committee, the heads of all departments and your Selectmen, the expenditures of the Town were held to the minimum. This, together with an increase in the valuation of taxable property and funding from government sources resulted in a decrease in the 1977 tax rate of sixty (60) cents. However, all of us as reponsible citizens of Sanford must be extremely careful that in trying to keep our tax rate as low as possible that we do not jeopardize the future of the Town.

A committee has been formed to work on turning the No. 1 Pond into a recreation area for the benefit of Sanford residents. Many ideas have been proposed by an enthusiastic committee for all-season activities. This winter (1977-78) the Pond will be cleared by the Park Department for winter activities.

We wish to express our appreciation and thanks to all elected and appointed officials and committees, all Town departments and the clerical staff for their cooperation, loyalty and help in 1977. We are looking forward to another progressive and successful year in 1978.

Respectfully submitted,

Norman S. Hall Emile D. Cote Gerard P. Savage

February 1, 1978

REPORT OF THE TOWN PLANNER

SANFORD PLANNING DEPARTMENT

TO THE MUNICIPAL OFFICERS OF THE TOWN OF SANFORD, MAINE:

The start-up of the new Sanford Planning Department began during April of 1977. A significant amount of time was initially spent on zoning and subdivision review, particularly in terms of encouraging the adoption of a site plan review ordinance and the promotion of cluster development techniques. The Planning Department assists local realtors, developers and landowners and acts as an advisory arm of the Planning Board on land use matters.

The Planning Department devotes much of its time to identifying public issues and concerns. One way of looking for the solutions to some of our basic planning problems is to concentrate on our townspeople's perceptions and attitudes. Three important surveys were the Community Grantsmanship Poll, the Intown Businessmen's Survey, and the No. 1 Pond Attitudinal Survey. The excellent respondent returns on these questionnaires have been beneficial in establishing a solid planning program for 1978.

A concentrated effort has also been placed on enhancing the Town's grantsmanship activities. During the summer of 1977, the Planning Department was responsible for a Round II-Local Public Works grant for the reconstruction of Bridges #2 and #3 on River Street. The awarding of this \$764,000 grant is certainly a fine illustration of community teamwork in action. Our future grantsmanship endeavors will include a housing management study to evaluate potential rehabilitation areas in Town.

The first issue of the SANFORD FORUM appeared in the Fall of 1977. This municipal newsletter is published quarterly by the Planning Department with the aim of highlighting local memories and sparking an interest in future planning proposals. Our first issue of the FORUM recently received a First Place Award in a national newsletter competition sponsored by The Downtown Research and Development Center.

Foresights should be the natural consequence of our insights. It's certainly recognized by the Planning Department that there are many creative ideas in our resource-rich Town. Thank you for your support in making my first year a satisfying and successful one.

Thomas E. Ursia, IT TOWN PLANNER

PROTECTION OF PERSONS AND PROPERTY

REPORT OF THE FIRE CHIEF

SANFORD FIRE DEPARTMENT

January 1, 1978

TO THE MUNICIPAL OFFICERS OF THE TOWN OF SANFORD, MAINE

The Sanford Fire Department consists of two (2) stations, one (1) located in Sanford and one (1) located in Springvale. There are nine (9) men on duty twenty-four (24) hours a day, six (6) at Sanford Station and three (3) at Springvale Station. They work an average of fifty (50) hours a week except for the Emergency Medical Technicians who work fifty-six (56) hours per week at the present time.

The Fire Department is governed by a Board of Fire Commissioners consisting of three (3) elected members.

Personnel: One (1) Fire Chief, four (4) Division Chiefs, twenty-four (24) permanent men, three (3) Emergency Medical Technicians, sixty-six (66) call men, thirty-six (36) in Sanford, thirty (30) in Springvale, and one (1) secretary.

Personnel Appointed: 1 Private

Resigned: 1 EMT

Promoted: 3 FD-2 to FD-32 FD-1 to FD-2

 $\overline{\text{FIRE ALARM}}$: In 1977 the work done to the fire alarm system of the Town of Sanford was not done to improve this system, but only to hold it as a workable system. A total of 143.5 man hours was put into the Fire Alarm system.

Total cross arm changeover ten (10)

Total Boxes replaced (new) three (3)

Total new boxes (added to present system) two (2)

Total feet new line ran, 2,433 feet

Total break down of one or more lines out of service were four (4) except for one (1) line. These breakdowns were caused by deteriorating wire.

We have some one-hundred-twenty-six (126) to one-hundred-thirty-four (134) fire alarm boxes protecting the businesses and homes of the citizens and there loved ones. Out of the above amount we also have some twenty-six (26) boxes we cannot purchase parts for or have parts available if they fail. For the last two (2) years we have tried to purchase part of or a full Radio Fire Alarm system to replace the present system. We feel we are throwing money away if we spend the amount of money it would take to put this present system in top shape.

Respectfully submitted,

Paul J. Letourneau
Fire Alarm Superintendent

INSPECTION PROGRAM: The Inspection Program seems to be progressing at a fair rate of speed. After being in existance for only fifteen (15) months, I find each quarter producing considerably more inspections than the previous. Below I will list the number of inspections made in various occupancies this year.

January 1, 1977		March 31, 1977	*****	Total	32
April 1, 1977	_	June 30, 1977		Total	53
July 1, 1977		September 30, 1977	_	Total	78
October 1, 1977		December 31, 1977	-	Total	124
		Gran	nd	Total	287

Miscellaneous inspection	related	activities	-76
Single residential			-26
Industrial			-15
Restaurants			-11
Mercantile			-19
Wood Stoves			-66
State Inspections			-29
Places of Business			-19
Places of Assembly			-12
Schools			-14
		Grand Total	287

These figures speak for themselves, but unfortunately these figures do not tell the whole story. There is no way possible to estimate the number of fires which were prevented through a good working relationship with the local news media. In the past year we have reached the public with important data on fire safety through local newspapers, local radio, and a Portland television station, not to mention the hundreds of people who walk through

the Fire Department doors seeking information.

The Inspection Program was hit with a new dilemma this year. That was the sudden urge for everyone to buy a wood stove to conserve energy.

Several of the Fire Department personnel have taken special interest in wood stove inspections, and surely deserve much credit for the job they have done. I feel that if we are to effectively supervise the installation of wood stoves, we will have to adopt a local ordinance requiring a permit for any new wood stove installations: and set minimum safety requirements which must be adhered to.

I find that in making inspections the locally adopted B.O.C.A. code is not adequate, and will try to initiate an Article in next years warrant to adopt the 1976 NFPA Life Safety Code.

It seems that as we become more proficient in making inspections, I find myself being pulled away from my duties as a Station Officer in order to perform my duties as an Inspection Officer. Perhaps this is an indication that we should be considering the possibility of a full-time Inspection Officer.

Many of the men should be praised for the interest they show in this program; for much of the work has been done on their own ready alert time.

The more time allotted this program, the more effective we will be in eliminating the inception of fire in the future. This program is now a realization, and I feel it will continually grow stronger as the years pass.

Respectfully submitted,

Daniel J. Burgess Daniel J. Burgess

Inspection Officer

FIRE HOSE PROGRAM:

As of January 1, 1978 there has been twenty-two thousand (22,000) feet of hose that was tested and met N.F.P.A. standards. Several hundred feet failed to meet these standards and was duly put out of service.

Old age can be the major contributing factor for the failures as almost all of the hose that failed was purchased in the thirties and forties.

For the first time in many years, all the hose in the department has been tested and all the engines have tested hose in them. Also for the first time in many years there is a filing system set up whereby each length of hose has its own card that has all the pertinent information regarding that particular length on it and also the exact location of that particular length, whether it is in the hose storage rack or on an engine.

The fact that a dispatch service was instituted in June contributed highly to this program by relieving fire fighters from dispatch duty and allowing them to have more time for their jobs.

The hose that failed the testing procedure should be replaced to maintain N.F.P.A. standards on ability to reload engines after a fire.

There should also be more adaptors purchased for the large diameter hose so that more advantage may be taken of this equipment.

Repsectfully submitted,

Walter & Muntress
Walter Huntress

Division Chief

FIRE PREVENTION: Grades one (1) through three (3) in the public and parochial schools were visited and a program on Spring Fire Prevention was given. The students were shown a film on outdoor fires and were told how to prevent outdoor fires. 1,040 students participated.

A Fall Fire Prevention Program was also given to grades one (1) through three (3) and to grades four (4) and five (5). A new program called "Captain No Burn" was used and was sponsored by David Pence. Firefighter David McLean conducted the Middle School program. A total of 1,800 students participated in this fall program.

A poster contest was held for students in the fourth and fifth grades and was sponsored by Mrs. Linda Pence. Mrs. Pence donated and awarded three prizes. The contest was on home escape plans and the students had to draw a complete home escape plan of their homes.

Kindergarten through grades three students also toured the Fire Department during Fire Prevention Week.

In June firefighter John Nadeau conducted a babysitting course on First-Aid and fire related hazards while babysitting sponsored by the JayCee Wives.

Russell Horning and I spoke on WSME on outdoor fires and the necessity of fire permits in the spring. In October, was the guest speaker on WSME for fire prevention.

Conducted an Adult Education class at Sanford High School. A film on fire extinguishers was used and a program on kitchen fires, wood stove safety, home smoke detectors, and clothing fires was given.

Was the guest speaker at Kiwanis luncheon and spoke on wood stove safety. $\hspace{-0.5cm}$

Conducted a Civics Class at Sanford High School for Mr. Roland Cote. The program was on the history of the Fire Department. Showed film and spoke to St. Ignatius Cub Scout Pack. Subject: Home escape plans and smoke detectors.

Visited Nasson College and spoke to the students counselors on Fire Exits, Fire escape plans and electrical problems.

Respectfully submitted,

a. Pula Tear

A. Richard Traves Fire Prevention Officer

AMBULANCE REPORT: The ambulance responded to 894 emergency calls in 1977. 162 of these were to our contractual towns.

Runs to contractual town break down as follows:

Acton	15
Alfred	31
Lebanon	40
No. Berwick	50
Shapleigh	26
	162

This year the contractual towns paid on the following rate schedule based on the number of calls made in 1976:

Acton	\$1,500.00
Alfred	\$1,000.00

Lebanon \$1,500.00 No. Berwick \$2,000.00 Shapleigh \$1,000.00

In addition, ambulance charges in town = \$25.00 base charged and 75ϕ per mile plus supplies.

Out of town = \$35.00 base charged and 75ϕ per mile plus supplies.

There has been excellent cooperation with the Town Treasurer's Office. Past due bills back to 1971 have been processed and several hundred dollars in otherwise "lost" monies have been recovered. This process is on a continual basis as these bills are processed from the treasurers office. Small claims court has proved to be of value in handling these bills.

The services of the Greater Portland Credit Bureau have been helpful in some out of state accounts.

The Ambulance Service is joining the rest of the town in switching to computerized billing. This should help streamline the billing process. The changeover is taking place as this report is being written.

The attention to past due bills has had a good effect on current bills. Prompt payments and quicker processing of accounts covered by medicare and other insurances. There have been some minor form changes that have helped in this.

During the year three (3) Emergency Medical Technicians were hired. Job descriptions were prepared and approved by the Fire Commissioners. The E.M.T.'s primary function is the ambulance and rescue service and they also provide assistance where it is needed on a limited basis in fire ground operation.

The E.M.T.'s participate in station activities and duties along with other members of the shift. They also provide an opportunity for in-service training for maintenance of licenses for all personnel. The department assists by making this opportunity available-on-duty when possible.

In a further effort to up-grade our service and continue good rapport with Goodall Hospital, critiques between ambulance personnel and Goodall staff are planned to being early in 1978.

Several of the fire department call fire fighters and others who have obtained observer status have been of assistance acting as a third hand on the ambulance runs primarily during the evening hours. Along with certain department criteria for observers, these men must also appear in uniform as close as

possible to the regular crews.

In the field of public relations for the towns ambulance service, many of the men have voluntered their time while off duty. They have manned the second ambulance at football games, wrestling meets, Babe Ruth playoffs, and parades. There were at least three (3) emergency runs made during these events and first aid was administered on several occasions.

Respectfully submitted,

Francis Ford, Division Chief Ambulance Coordinator

EQUIPMENT AND APPARATUS: Presently, the Sanford Fire Department has the following apparatus:

3 Pieces of Aerial Equipment

1 - 100' Ladder Truck - 1972

1 - 70' Aerial Platform - 1963

1 - 32' Fire Alarm Ladder - 1964

4 Front Line Pumpers

1 - 500 gallon per minute pump - 1964

1 - 750 gallon per minute pump - 1962

1 - 1,500 gallon per minute pump - 1974

1 - 1,200 gallon per minute pump - 1976

2 - 500 gallon per minute reserve pumpers - 1935 & 1948

1 - 750 gallon per minute reserve pumper - 1951

3 - All Wheel drive brush trucks - 1941, 1941 & 1954

1 - All-Wheel drive permanently housed in Springvale Station, owned by the State of Maine

2 - 14' boats and trailers

1 - Chief's Car - 1975

1 - Pick up truck - 1962

2 - Ambulances:

1 Dodge Modular - 1973

1 Cadillac Coach - 1969

Most of the maintenance work is done at the station by the Chief mechanic keeping costs at a minimum.

On February 2, 1977 this department put in service the third (3rd) diesel powered fire truck. In March 1972 the first diesel was put in service and the second (2nd) in May of 1974.

After five (5) years of evaulating this equipment, it has been found to be reliable, efficient, productive and economical. All other vehicles are in safe and good running condition. The Fire Department does not experience any problems that are any different from any other truck fleet.

The department is looking ahead to the future and investigating the possibilities for the replacement of 616 ambulance.

Respectfully submitted,

Raymond Marmhan

Raymond Normandeau Chief Mechanic

TRAINING: On February 17, 1977 the first recorded training program was initiated. Records since then have been kept on individuals and companies with total man hours of training adding up to 537.00 in the call department and 1,908.00 in the permanent force. Most of the training for the call department was actual hands on training with a small theory class just before. The permanent force has classes weekly on duty and also has hands on training at various locations on duty when conditions permit.

Before going much further, I would at this time like to express my appreciation to the Selectmen's Office for giving me permission to close Oscar Emery Drive to traffic on certain nights for training purposes. It's an ideal location to drill and we gained much experience there without worrying about firefighters getting struck by traffic while going through firefighting evolutions. We have an excellent safety record going along with the training program and this added privilege helped make it so. My thanks again to the Board of Selectmen and the Sanford Police Department who helped to enforce it.

Many subjects were covered by the Department Training Program. Some of them are listed below.

Orientation of apparatus and equipment Standard operating procedures of the Sanford Fire Department Fire Service Pumps Fire hydraulics - rule of thumb method Fire service hydrants and pumper connections Forcible entry Fire ground search & rescue Protective breathing apparatus Pre-fire planning Fire Service hose maintenance and care & testing Portable fire extinguishers Aerial ladder operations Truck and equipment maintenance Forest firefighting Inspections Rural water supplies Street locations and Fire Alarm Box locations Hydrant locations Sprinklers

In addition to the on duty training by this program many fire fighters attended other schools, some financed by the Sanford Fire Department and others financed by the fire fighters themselves over and above the required schools. I'm sure I have left some out, but here some of these schools attended:

Fire Protection Systems	S.M.V.T.I
Fire Investigation	11
Principles of Supervision	11
Building Construction	11
EMT Refresher Course	11
Fire Protection Hydraulics	11
Management Labor Relations Part I	tt

Respectfully submitted,

David W. Rankin, Division Chief Training Officer

FIRE STATISTICS: The Sanford Fire Department responded to a total of 644 alarms. Of these alarms, 98 were box alarms and 546 were still alarms. A total 12 were still alarms that later turned into box alarms.

The alarms were broken down into the following groups:
Wood Frame Buildings: 97

- 6 Flooded burners
- l Malicious mischief
- 10 Miscellaneous
- 3 L.P. gas
- 23 Chimney
 - 4 Light Ballast
 - 2 Oil Stoves
 - 4 Wood Stoves
 - 5 Electrical
 - 1 Telephone transformer
 - 8 Furnace
 - 1 Assist Sanford
 - 2 Barbecues
 - 2 Cigarettes
- 15 Appliances
- 1 Children playing with matches
- 2 Grease fires
- 1 smoke investigation
- 1 mattress
- 3 set
- 1 Chair
- 1 Trash

Building Other: 29 Total

- 2 Light Ballast
- 1 Appliance
- 9 Miscellaneous
- 1 X-ray machine
- 6 Electrical
- 2 Flooded burner
- 1 Stove
- 1 Cleaning fluid
- 1 Burner malfunction
- 1 Coffee pot unattended
- 1 Furnace blow back
- 1 Grease
- 2 Set

Vehicle Fires: 40 Total

Forestry Fires: 53 Total

- 7 Grass
- 1 Burning Wire
- 13 Woods
- 20 Brush
 - 6 Burning without a permit
 - 1 Leaves
 - 1 Fireplace
 - 1 Control burn
 - 3 Camp fires no permit

Dump Fires: 7 Total

Prank Calls: 59 Total

47 Pulled Box Alarms

12 Still Alarms (Telephone Calls)

Public Assistance: 29 Total

6 Power lines down

23 Miscellaneous

Cover Sanford: 11 Total

Legitimate Call No Fire: 30 Total

Motorcycle Fires: 1 Total

Gas Spills: 27 Total

Bomb Threats: 2 Total

Mobile Homes: 3 Total

2 Electrical

1 Flooded burner

Cover Springvale: 14 Total

Alfred: 4 Total

Malfunctions: 18 Total

13 Sprinkler Systems

5 Miscellaneous

Cover Sanford for Ambulance Calls: 151 Total

Assisted Ambulance: 2 Total

North Berwick: 2 Total

Dumpster Fire: 1 Total

Trash Fire: 4 Total

Accidental Drowning: 1 Total

Asphalt Spreader: 1 Total

Lebanon: 3 Total

Storm Drain: 1 Total

L.P. Gas Leak: 4 Total

L.P. Gas Fire: 1 Total

10:55: 4 Total

Sprinkler Systems: 2 Total

Utility Poles: 1 Total

Miscellaneous: 17 Total

Assisted Sanford: 4 Total

Assisted Springvale: 1 Total

Safety Standby: 7 Total

Smoke Pots: 1 Total

Total Miles Apparatus Traveled: 3,031.3

Total Number of Feet of Hose Laid: 12,335' of Booster Line

6,950' of 1½" 6,700' of 4"

1,150' of 3"
3,750' of 25'

3,750' of 2½"

Total Number of Feet of Ladders Raised: 1,874'

The Fire Department requires a written permit on all outside fires. There were a total of 419 permits issued in 1977.

January	6
February	6
March	58
April	71
May	22
June	49
July	19
August	8
September	27
October	58
November	59
December	36

By the granting of these permits, we are able to know exactly the areas where such controlled burning is located, cutting down on many unnecessary calls.

AMBULANCE STATISTICS: The Sanford Station has two (2) ambulances. They are operated by licensed attendants. There is an Emergency Medical Technician assigned to each shift.

The ambulance responded to 894 emergency calls for a total of 11,419.8 miles. Of these calls 69 were no patient or false calls at 417.6 miles.

January	76	Calls	675.4	miles
February	69	Calls	652.0	miles
March	61	Calls	884.2	miles
April	71	Calls	1,100.6	miles
May	80	Calls	859.1	miles
June	68	Calls	1,085.7	miles
July	75	Calls	1,590.0	miles
August	85	Calls	1,215.8	miles
September	. 78.	Calls	794.5	miles
October	79	Calls	1,069.6	miles
November	77	Calls	736.7	miles
December	75	Calls	756.2	miles

<u>PUBLIC RELATIONS:</u> Tours of the Fire Station were given by the officers. Approximately 1,000 children from Sanford and surrounding towns toured the Fire Station during 1977.

Some of the permanent men have given the American Red Cross Basic First Aid Course to the scouts.

A tour was given of the ambulance to the Middle School children. They were familiarized with the equipment its uses.

A class on the different types of fire extinguishers and how to use them was given to the staff at Goodall Hospital and Hill-crest Nursing Home.

Some of the members of the department participated in Career Day at the High School and lectured on the Sanford Fire Department and their jobs in the Department. There was also a workshop at the Junior High for the students to obtain information on a career in the Fire Department.

 ${
m NEW\ PROGRAMS:}$ On November 16, 1977 a new program entitled the Junior Fire Fighter Program was instituted by the Fire Commission. Its purpose is:

To acquaint young men with the workings and duties of the Fire Service. To allow young men while they are still in High School to decide if they want a career in the Fire Service, therefore enabling them to pursue the correct academic courses.

To hopefully have better qualified people to draw from when there is a vacancy to be filled.

It covers all facets of fire service training, the every day workings of the Fire Department, the emergency duties of the fire and ambulance service.

The members have to meet eligibility requirements and conform to Fire Department Rules and Regulations. The benefits hopefully gained by these young people are a better understanding of the working of a Fire Department. Satisfaction of helping someone in need. Learning a lot about an area not commonly covered in elementary school. Doing something interesting. General knowledge useful later on in any walk of life.

Improvement in the quality of candidates for the Fire Service in years to come. Help young men by giving them a place to go instead of just hanging around. For young men who feel that they are not good at much of anything, this could be a direction finder for them.

There are now seven (7) members in this program and several applications that are being processed.

The program, although it is just getting its feet off the ground, seems to be working fine.

FIRE INVESTIGATION: The Fire Investigation Officers have looked into and investigated the causes of seven (7) fires in 1977 to determine the cause, plus six (6) fires that have been questionable and known to have been incendiary fires (arson) in 1977.

These officers have worked with the Sanford Police Department and particularly with Detective Robert Ruel, State Fire Marshall Lawrence Dolby and the Maine State Police Detective Bernard Emery assigned to the State Fire Marshall's Office. They have appeared before the Grand Jury and appeared in court.

There is much to be learned in this area of fire investigation. We are taking a lot of photographs to help in this work and saving samples of the origin of the fires to aid in teaching and learning more on this subject.

Respectfully submitted,

George Driscoll

TO THE MUNICIPAL OFFICERS OF THE TOWN OF SANFORD, MAINE

Gentlemen:

It gives me pleasure to submit the Police Department Annual Report for 1977.

With the increasing crime picture nationwide, Sanford experienced the same general increase as compared to other communities of comparable size. Increases were noted in Offenses Known To Police, Complaints Received and Incidents involving police intervention. These, with the increasing demand for police services, showed a trend towards both a physical and mental drain of both manpower and fiscal restraints. Against these demanding needs of protection for both persons and property the Police Department functioned well and continues to strive towards making Sanford and Springvale a better place to live.

Without the cooperation of your office and all other departments within the Town our mission could not be possible. Your assistance and guidance is certainly desired for the future.

I, therefore submit my annual report for 1977.

JOHN C. PRIDE, Chief Sanford Police Department

SANFORD POLICE DEPARTMENT ANNUAL REPORT 1977

PERSONNEL-MANPOWER

The Police Department was fully manned as of December 31, 1977.

Through a continuing program of recruiting and being critical of candidates for police service, the Department maintains the goal of having the best people in the business. In 1977, there were no significant changes in rank or organizational structure. Additional emphasis was realized in the criminal investigation of crimes area and an additional assignment was made. Department personnel have maintained proficiency and in many areas become specialists in the more technical areas as needed.

The reserve force realized several vancancies during 1977 and these vacancies were readily filled.

As of December 31, 1977, the Cadet Program has diminished due to the lack of recruits. This program is projected for revitalization during 1978.

The following were changes in personnel during 1977.

Recruited: 1 Intern

1 Patrolman

2 CETA Dispatchers

Resigned: 1 Dispatcher

4 Cadets

4 Reserve Officers

EQUIPMENT

The Department still is looked upon by many agencies as one of the best equipped Police Departments in the State. With laboratory dark room and other technical and scientific capabilities the department is well equipped to accomplish most nearly all investigations of crimes. A new inventory system now enables the Department to account for and maintain all equipment in operational status. Officers are better equipped and continue to display a professional image thusly contributing to a more successful job performance. To initially equip an officer for his police work today the cost factor for both uniforms and associated equipment exceeds \$500.00 per member. Initial vehicle costs for both the basic cruiser, associated equipment and continued maintenance continues to reflect nearly two-thirds of the operational budget. It is necessary therefore that each member continues to self-police every piece of departmental equipment. It is without reservation, that I commend members of the Department for their efforts during 1977 in maintaining the police department property.

FACILITIES

In 1977, the first year since the police station garage was converted into the primary function of criminal investigations;

the police facility (station and adjacent areas of the Town Hall) has shown many areas of concern. In 1962, when the Police Station was moved into the present quarters there was a full complement of fifteen (15) members. Now counting everyone we realize a full complement of nearly sixty (60) members; full-time, civilians, reserves and cadets. It has therefore been realized that within a few years or sooner, the need for additional space must be considered.

Presently, areas of the basement of the Town Hall are being used by the Department. Working conditions are adequate in the present facility but continual growth in projected community programs to combat crime will necessitate expansion in both manpower and facilities.

PUBLIC RELATIONS AND SAFETY

During 1977, and as a result of the input of a Criminal Justice Internship Program, the Department realized the importance of programming for a Community Crime Prevention Effort. School children, adult groups and organizations, were addressed during the year by many officers. Areas covered were subjects of safety, drugs, burglary and robbery prevention, career

development, crime awareness programs for both school groups and adult groups and many other areas involving nearly 1500 individuals. Almost all were upon request. During 1977, a survey was mailed to nearly 1,000 citizens for the justification and projected need in this community for an on-going Community Crime Prevention and Awareness Unit. Response to the survey only showed a 10% reply but favorable towards the need to establish a program for all citizens to make Sanford and Springvale a safer place to live.

The extra interest and initiative of all members that participated in outside speaking engagements is commendable. The need to promote community involvement in the business of police service is essential. Every member of this department realizes the importance of Police-Public Relations in establishing cooperation and understanding.

TRAINING

Inter-agency action is a goal of every law enforcement agency to develop better communications to fight crime. In this respect, training of law enforcement people in an atmosphere of cooperation has been the objective of the Sanford Police Department. Not only as continuing in-service, cadet, reserve,

initial, basic training, regional police in-service training has given law enforcement members an on-going refresher program of continual learning. 1977 was no exception to previous years in the field of career development. Continual programs of training involved such subject areas as:

Familiarization with Bombs and Explosives, Arson Investigation, Criminal and Motor

Vehicle Codes, Child Abuse and Neglect, Communications, Self Defense and many others. Areas of emphasis were: Hostage Negotiations and Rape Investigations. Instruction was provided by Sanford Police Officers in subject and schools as indicated:

Testifying in Court - Summer School, Ogunquit, Maine
Firearms - Summer School, Ogunquit, Maine
Case Preparation - Basic School, Waterville, Maine
Photo School - In-Service, Sanford, Maine
Fingerprinting - Cadet Training, Bath, Maine
Ethics, Authority - In-Service, Sanford, Maine
Report Writing - In-Service, Sanford, Maine
Surveillance Techniques - In-Service, Sanford, Maine
Motor Vehicle Code - Summer School, Ogunquit, Maine

Sanford Police Officers instructed during 1977 in programs of Defensive Driving and First Aid.

Therefore, Law Enforcement training from recruit to continual in-service training remains of prime importance and priority emphasis within the department. Many hours of devotion and exemplary off duty time has established this department as a model of training recognized throughout the State.

The Sanford Police Department during 1977 received an estimated total of 24,120 telephone calls and 42,850 radio transmissions. Of these, the following comparative figures are submitted:

Telephone Messages Received:	<u>1976</u>	1977
Criminal:	5,205	7,236
Non-Criminal:	5,205	9,648
Administrative:	6,940	7,236

TOTAL:	17,350	24,120
Teletypes/Administrative		
Formal Messages:	298	375
Teletype/Inquiries,		•
Entries, Replies:	2,100	3,960
Radio Transmissions:		
Sanford Units:	30,000	38,000
Lebanon Units:	In-Active	3,000
Region (1) Net:	In-Active	(1,850)*
		(6 months)*
TOTAL:	30,000	42,850

SERVICE AND MAINTENANCE

Departmental personnel continued to provide the community with highway signing and markings. Regulatory signing and traffic flow markings received continual emphasis during 1977. A total of 173 Regulatory Traffic Control Signs were installed and 311 gallons of traffic marking paint was used. A combined manhour figure of 726 hours were logged to the traffic picture in these areas.

PATROL AND TRAFFIC

The backbone of the Department and the work performance thusly produced is emphasized in the following statistical catagories:

	1975	1976	1977
Mobile Patrol Mileage Foot Patrol Hours Motor Vehicle Summons	185,976 *	199,216 2,500	202,896 2,467
and Arrests	470	1,160	1,659

	1975	1976	1977
Warning for Motor Vehicle

Calls	*	*	1,249

^{*}Figures not readily available

The following Traffic Accident Summary is submitted:

		1976	1977
Fatal	Accidents	3	3
Non-Fatal Injury	Accidents	170	132
Property Damage	Accidents	793	906
TOTAL	ACCIDENTS	966	1,041

INCREASE: 1%

Of the 1,041 total accidents in 1977, 621 local drivers contributed. <u>Friday</u>, for the second consecutive year was the day when most accidents occurred and <u>angle accidents</u> again accounted for that type contributing to the most accidents reported.

3:00PM, over the past three (3) years was the most critical time of day accounting for 107 of the total accidents reported.

*Over the past five (5) years Direct Costs of accidents show the following:

<u>1973</u>	<u>1974</u>	<u>1975</u>	<u>1976</u>	1977
\$449.860	\$458.380	\$557,960	\$717,620	\$680,040

*Formula for ascertaining Direct Costs are:

\$340 for each property damage accident \$2,000 for each personal damage accident \$36,000 for each death producing accident

Patrol/Traffic continued: Of the 1,659 traffic summons and arrests recorded 1,555 persons were convicted. One Hundred-fifty-one (151) cases were dismissed by Judge or District Attorney, 82 cases were filed and 12 cases a verdict of not guilty was recorded.

Comparative Figures:

	1976	1977
Motor Vehicle Summons/Arrests	1,227	1,659
Convictions	759	1,555
Dismissed by DA/Judge	. 95	151
Filed by DA/Judge	55	82
Findings of Not Guilty	1	12

The following is the breakdown of Motor Vehicle Activity as recorded by the Sanford Police Department:

MOTOR VEHICLE ACTIVITY-1977 JANUARY THRU DECEMBER

Permitting Operation in Violation of Title 29 Insufficient Seating School Bus Pedestrian On Public Way Refusal to Sign Traffic Ticket		1 1 1 1
Failure to Produce Registration Displaying Expired Registration Plates		1

TOTAL CONVICTIONS:

1,555

The Patrol/Traffic Unit of the Department is the heart of the Department in the initiation of all police involvement in offenses and incidents reported. Of prime importance is the projection of new systems of police security patrol. In the interest of all citizens the importance of understanding preventive techniques and systems of police patrol will be addressed with priority during the coming year.

Criminal Investigations:	395	463
Matron Duty:	41	58
Miscellaneous Activities:	966*	1,687

*Bicentennial Activities

.....

SUMMARY:

With the conclusion of 1977, the Police Department will be projecting itself toward goals of community involvement. Such areas of concern will be emphasis to providing guidelines, programs and techniques to involve the community in 1. Crime Prevention. To develop new systems of 2. Preventive and

Deterrent Police Patrol. To develop 3. Police-Youth Relations through diversified school and athletic programs. To re-accomplish and update, through citizen involvement, a much needed 4. Traffic Ordinance for the community. To gear towards improved 5. Investigative Techniques to prevent and combat crime. To improve our capability in establishing a 6. Central Communications Station for the Region.

The efforts that we have made towards these goals for the future will be dependent on support of the citizens of Sanford and Springvale. We have experienced a changing society that has increased demands for police service. We have with the assistance of many over the years been able to meet our commitment to provide the best police service available without interruption. We strive to continue through a program of cooperation and assistance to make your Department even better.

To the citizens of Sanford, thank you for a successful year.

JOHN C. PRIDE, Chief
Sanford Police Department

REPORT OF THE CODES ENFORCEMENT OFFICER

1977 was a year that witnessed considerable change in the planning policy of the Town of Sanford. The Comprehensive Plan, updated and adopted in 1976, spawned a new zoning ordinance to replace the one that has been in use for nine years. The new ordinance, drafted by the Planning Department, was ratified by the Town Meeting and became effective on July 1, 1977. To this office falls the responsibility for administering the provisions of this Zoning Ordinance, and the Maine Plumbing Code.

We thank those who have made our duties easier, both municipal officials and Townspeople alike. To reflect the growth in the Town, I submit the following tally of Building and Plumbing Permits issued during 1977.

New Residences	72	\$ 2,097,850.
Residential Additions	79	3,569,694.
New Commercial Buildin	ngs12	425,300.
Commercial Additions		·
and Alterations	21	295,300.
New Multi-Apartment		
Building	1	1,000,000.
Garages	42	420,725.
Signs	14	7,756.
Fences	. 19	12,704.
Pools	17	50,295.
Sheds	28	8,300.
Porches	10	9,009.
Barns	2	1,900.
Foundations	2	4,700.
Chimneys	7	6,370.
Roofs	11	17,700.
Sundecks	4	1,310.
Greenhouses	2	3,400.
Stairway	1	300.
Hangar	1	20,000.
Stone Wall	1	500.
Carports	3	1,370.
Bulkhead	1	200.
Parking Lot	1	2,000.
Trailers	26	212,937.
Trailer Additions	3	4,900.
TOTAL	380	\$8,174,520.

During 1977 there were 47 variances to go before the Board of Appeals. Of these 33 were granted and 14 denied.

In 1977 221 Plumbing Permits were issued. 88 permits for private disposal systems, and 133 for internal plumbing.

Respectfully submitted in behalf of Mr. Raymond J. Caron and myself,

Brian W. Howard

Bran W. Bloward

Acting Codes Enforcement Officer

REPORT OF THE WIRE INSPECTOR

From: Donald H. Gagne, 1977 Wiring Inspector

To: Board of Selectmen

Subject: Annual Town Report on Town-owned property and

buildings, in regards to the electrical wiring

and electrical apparatus.

The Town owned properties and schools, were checked, inspected and to the best of my knowledge, were found to be in good and safe conditions.

I also discussed this with the building inspector, School Dept. Electricians and they agreed that the Town properties are adequate.

If any further information is needed, please feel free to contact me.

Sincerely,

Donald H. Gagne Wire Inspector Town of Sanford

HEALTH AND SANITATION

REPORT OF THE

HEALTH OFFICER FOR THE YEAR 1977

To the Selectmen, Town of Sanford, Maine:

As Health Officer for the Town of Sanford for the year of 1977, I herewith submit a report of health activities during the current year.

Caring for vagrants and $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

Exams for fitness to work at request of selectmen.

Health calls - Tenants about questionable conditions of their rents - cleanliness - sewerage - heat - water.

Conferences with Town Nurse as to problems arising with patients receiving town help. Caring for same when indicated.

Supplying drugs for patients receiving town aid.

Writing prescriptions for town patients.

Examine patients at request of Selectmen and/or Town Nurse.

Receiving plumbing complaints and investigating same and/or referring them to plumbing inspector.

On call for town and itinerants at request of Selectmen or $\ensuremath{\mathsf{Town}}$ Nurse at all times.

Telephone advice to anyone calling - these are numerous due to Health Classification in phone book.

Receiving and reporting to Augusta Bureau of Health all contagious disease cases reported.

Answering inquiries concerning health inoculations for overseas travel.

Examination and stamping of inoculation reports for overseas travel.

Investigating "Health Hazards" (unhealthy living conditions, unsanitary houses, poor nutrition, maltreated or illfed children) at request of Selectmen or Town Nurse.

Examination of elderly living alone - at request of Selectmen or Town Nurse - to ascertain if mentally competent to continue living alone.

'Return to School' slips to school children following contagious disease.

Respectfully yours,

ARMAND S. LINCOURT, M.D.

Health Officer

HEALTH AND SANITATION

REPORT OF THE

YORK COUNTY HEALTH SERVICES, INC.

TO THE OFFICIALS AND CITIZENS OF SANFORD:

York County Health Services is a non-profit community health agency with offices located in Saco, Waterboro, Wells and Sanford. It is from these offices that nurses, therapists and health aides are dispatched to residents in nearby towns throughout the county.

Nurses made 2,545 visits to adults in Sanford from January to December, 1977 while they visited children in their homes on 282 occasions during this same time period.

Therapists made a total of 340 visits and home health aides provided services to residents 466 times.

Children visited our clinics on 633 occasions and nearly 14% were referred to their doctor or other health care sources for further diagnosis and treatment.

Adults from Sanford made 1,395 visits to clinics and approximately 140 people were found to need referral for further diagnosis.

Sanford's tax allocation to York County Health Services ensures home health care, clinics and other community health services to all requiring such care.

RECREATION REPORT OF THE ACTIVITIES OF THE SANFORD PARK COMMISSION

1.977

1977 showed progress for the Park and Recreation Commission and we fulfilled some of our objectives for the year.

The tree program was continued from the previous year and diseased trees were cut down, stumps removed and new shade trees were planted for beautification. The Warrant Committee did not approve monies for the 1978 new tree program. This lack of appropriations will hurt the tree program for Sanford for years to come.

The Band concerts held at Gowen Memorial Park Bandstand were again enthusiastically received in 1977.

The park and playgrounds attendance records showed much use of these facilities. The swimming program again had an outstanding season of well attended activities. The skating rink and the Number 1 Pond were enjoyed by many.

From April to November, Goodall Park had optimum use. Goodall Park was used by the following groups: Sanford Park Department, Babe Ruth League, Sanford High School teams, SSYAA Midget Football, Sanford High School Girl's Field Hockey teams, as well as other special events by other groups.

Work was begun and finished for two softball fields in South Sanford.

Because of budget limitations, the only new program was a Winter Basketball League which included 6 teams playing a 10 game schedule.

The tennis courts were well occupied from April until November with all types of programs and tournament action. Two new tennis courts will be built in the summer of '78 on the east side which should add to the continued growth of this sport. Instruction has included all age groups.

Vandalism is still a major problem in our parks, playgrounds and especially Gowen Park and the Springvale Recreation Area. Damages last year amounted to well over \$1,400.00.

The Park Commission in its desire to improve the overall Recreational Programs of Sanford submitted an article into the Warrant for a full time Recreational Director but again the Park Commissions desire to improve its programs was turned down by the Warrant Committee's wisdom.

Respectfully,
Roland A. Cote
Sanford Park Commission

SUPERINTENDENT OF SCHOOLS Dr. Charles A. Beattie

ASSISTANT SUPERINTENDENT OF SCHOOLS John E. Webb, Jr.

DIRECTOR OF CURRICULUM & ELEMENTARY EDUCATION
Dr. Joseph Capelluti

DIRECTOR OF SPECIAL EDUCATION
Elizabeth Caron

DIRECTOR OF ADULT EDUCATION
Leondard D. McGinnis

Town Hall Annex, 265 Main Street, Telephone 324-2810 Hours: 8:00 a.m. - 4:30 p.m.

NO SCHOOL NOTIFICATION

The "No School Signal" will be sounded only on those occasions when concern for the pupils makes it imperative.

Parents are urged to keep their children at home, even when school is in session, if road conditions in their locality are particularly hazardous.

On the occasions when the "No School Signal" is sounded, there will be no school for all pupils for the entire day.

Official notification will be given whenever possible over the following radio stations: WSME, Sanford; WWNH, Rochester, N.H.; WCSH Portland, from 6:20 a.m. on.

The fire alarm will sound four times at 6:45 a.m.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Charles A. Beattie, Ph.D.

Citizens of Sanford:

It is a pleasure to submit my sixth annual report as Superintendent of Schools in Sanford. You will find reports from most of the administrators describing their staff and facility needs further on in this report. This year I will list some of the goals established by the School Committee and by the adminstrators.

Goals

The first set of goals was approved by the School Committee.

- The School Committee will work to develop a continuous parent-teacher conference program.
- The School Committee will continue to seek out the best possible candidate for open positions in the Sanford public schools.
- The School Committee will develop a community-wide program to gain financial support for the Sanford public schools.
- The School Committee will develop a better communication system between administration, staff, parents and students.
- The School Committee will continue the emphasis on improving the basic skills for all students.
- 6. The School Committee will adopt an affirmative action plan to insure equal opportunities for all students and staff of the Sanford public schools.
- 7. The School Committee will work to become more knowledgeable in the following areas- special needs, curriculum programs, alternative education, administrative team, and intra curricular activities, etc.
- 8. The School Committee will study the possibility of reducing the teacher/pupil ratio.

The second set of goals was approved by both the School Committee and the administrators.

- 9. We will work to institute a viable volunteer program for the Sanford public schools.
- We will work to improve public relations with the general public.
- 11. We will complete a community-wide needs assessment study.
- 12. We will work to help establish minimum graduation requirements for high school students to meet in order to receive a Sanford High School diploma.
- 13. We will establish a priority list of positions to be reinstated or initiated when funds are available.
- 14. We will establish a priority list of programs to be reinstated or initiated when funds are available.

The third set of goals was approved by the administrators.

- 15. The administrators will establish some short and long range goals for the Administrative Council.
- 16. The administrators will work as an Administrative Team or Management Team this school year.
- 17. The administrators will work to improve articulation between grades and between schools.
- 18. The administrators will revise and up-date the evaluation instrument.
- 19. The administrators will hold training sessions to acquaint teachers with Special Services available in the Sanford public schools.
- 20. The administrators will establish guidelines for a Parent-Advisory Committee in the various schools in Sanford.
- 21. The administrators will establish an Administrative Newsletter.
- 22. The administrators will review the School Transportation policy.

In line with one of the goals (#13) the following staff members will be hired when funds are available.

 A full-time Special Education Director (this is presently a half-time position).

- 2. A full-time Elementary K-3 Administrator or a full-time Curriculum Director K-12 (these positions are presently being handled by one person).
- 3. A full-time guidance teacher for K-3
- 4. A full-time Nurse for K-3
- 5. A full-time Social Worker for 7-12
- 6. A full-time guidance teacher at the junior high
- 7. A secretary for the Curriculum Director
- 8. A full-time attendance officer for the high school
- 9. A full-time reading teacher for the high school
- 10. A full-time physical education teacher for K-3
- 11. A half-time secretary for the high school

Junior High School Addition

The Junior High School addition has been up and down the State priority list like a yo-yo since July 1973. Three times the project has been at the top of the list and twice the project, along with all the others, has been placed in a holding pattern because of the moratorium initiated by the Governor or the State Board on all school construction.

The School Committee and/or Building Committee requested and received two Commissioner's Hearings and one Staff Review. However, the number of points the Sanford project received has not changed. Although the Sanford Junior High addition is back at the top of the list, we believe that before the State Board starts to approve any projects again that our position will change.

The School Committee has been asked to review five possible plans that have been developed by the administrators. Regardless of what action or lack of action the State Board takes, we hope a solution will be supported by the Community before another year passes. We realize that the solution may be only a temporary one. However, unless something concrete is done in the near future we may not be able to maintain the quality of education our students are receiving and deserve.

John R. Parker

I hereby submit my annual report as Principal of Sanford High School.

Enrollment

Our opening enrollment as of September 13, 1977 was 1300 students. This is an increase of 13 students over last year. Local student enrollment increased by 15 students while vocational tuition enrollment decreased by 2 students. Tuition enrollment was 96, of whom 65 were enrolled full-time and 31 were enrolled as part-time students. Students were enrolled from Acton (12), Marshwood (2), Noble (33), Traip Academy (11), Wells (5) and York (2) on a full-time basis, and from Kennebunk (2) and Massabesic (29) on a part-time basis.

The transfers in continue to approximate the transfers out and dropouts so that an opening enrollment of over 1300 students seems assured for the immediate future.

Year	Resident	Tuition	Total
Freshman	324	0 ,	324
Sophomore	301	. 0	301
Junior	297	49	346
Senior	. 282	47	329
	1204	96	1300

Facilities

This is the eighth year in this building and it continues to be an extremely functional and well maintained educational and civic facility. The day school academic program constitutes only a portion of the building utilization. It is also used extensively by the Sanford Adult Education program, the York County Community College, the Warrant Committee and numerous other local organizations.

A continuous preventative maintenance program is a positive factor in the general upkeep of the building. The overall condition and appearance of the facilities are a reflection of the care shown by our custodians, students and teaching staff.

Fencing or some other means of keeping vehicles off the lawns and playing fields is a top priority concern at this time.

Academic Program

A new reading program was introduced by Dr. Capelluti in

concert with Roger Grondin, plus two reading aides. Fred Brown and Sandra Feranec developed a tutoring program whereby high school students work to help students in the Special Needs area. In implementing the six semester physical education requirement, the P.E. department now offers many more co-ed, lifetime and carryover sports and activities. A strong Science Honors program is in operation and credit is now given for satisfactory service.

The basic curriculum remains rather conservative with emphasis on basic skills and a reduction in student electives. College level courses are available through the cooperation of Nasson College, York County Community College and U.M.P.G.

All juniors were given the state mandated Assessment Tests in late November.

Faculty

The size of our faculty remains the same as last year. There are 9 new members; all were hired as replacements. The guidance staff has been brought up to full complement and increased services have resulted from same.

Accreditation

Sanford High School is fully accredited by the New England Association of Schools and Colleges (the regional accrediting body approved and endorsed by the U.S. Dept. of H.E.W.) as well as by the Maine Department of Educational and Cultural Services.

Extra-Curricular

A strong social as well as extra-curricular program continues for high school students and parents. This year 14 dances were held, as well as various concerts, dramatic productions and other student oriented activities. The Marching Band continued to provide stirring entertainment for the spectators.

Athletics

Our athletic teams compete in the state's most competitive conference. We are staffed with well qualified, personally responsible, teaching-coaches. They and their teams are to be commended for their performances on and off the playing field.

Twenty-three teams were fielded during the past year. These included baseball (3), basketball (5), cross country (3), field hockey (2), golf (1), football (3), tennis (2), track (2), and wrestling (2). Winning seasons were recorded by 16 of the 23 teams competing.

Varsity	records	(13	teams)	W117	L65	TI	=	.639
J.V.	11	(7	teams)	36	40	1	=	.467
Frosh	11	(3	teams)	25	11	0	=	.694

Follow-up

The Class of 1977 graduated 247 students, a follow-up of which shows that:

41% continued their education on a full-time basis
44% employed (91% locally)
1% married
7% in service
7% unemployed
100%

General

As citizens of Sanford, you can be proud of a student body, faculty and staff which have pulled together during periods of stress. This would not be possible without the continued efforts of the Boosters, other parent groups and interested townsfolk who continue to support Sanford High School.

My personal appreciation for your interest in our students.

REPORT OF THE VOCATIONAL-TECHNICAL CENTER DIRECTOR

Frederick A. St. Cyr, Jr.

Enrollment

Our beginning enrollment for the 1977-78 school year once again reflected an overall increase as compared to the enrollment figures from previous years. Fall enrollment figures for each instructional area were as follows:

Applied Science	.35	18	male	17	female
Child Care	32	0	male	32	female
Data Processing	32	14	male	18	female
Power Mechanics	28	28	male	0	female
Building Trades	39	39	male	0	female
Drafting	29	24	male	5	female
Electronics	34	34	male	0	female
Graphic Arts	23	19	male	4	female
Machine Trades	31	31	male	0	female
Metal Fabrication	27	27	male	0	female
Cooperative Education	54	36	male	18	female
Special Needs	21		male	_5	female
Totals	385	286	male	99	female

Enrollment figures for Business Education, Home Economics, and Industrial Arts programs have not been included in the above figures. These figures were taken from the Fall Enrollment Report as submitted to the Department of Educational and Cultural Services on October 1, 1977. Many courses have shown an increase since October 1 while a few have shown a slight decrease.

A total of 96 tuition students were enrolled at the Center either on a full-time or a part-time basis representing 8 area high schools, including Sanford High School, and the Town of Acton which has no high school.

Participation by each individual sending community was as follows:

Sanford High School*	289
Kennebunk High School	2
Marshwood High School	2
Massabesic High School**	29
Noble High School	33
Traip Academy	11
York High School	2
Town of Acton	12
Wells High School	5
Total	385

Facilities

All internal renovating undertaken last year has been completed.

The newly renovated audio-visual room has become a definite asset to the Center and its programs. Local origination of television programming has met with a great deal of success with more to follow in the near future.

The facility is now being utilized pretty much to capacity with a maximum anticipated in the coming year. Emphasis is being placed on the repair and replacement of equipment that is beginning to show the wear of eight years or more of instructional use.

Satellite Programs

Four Satellite Programs are now in operation and functioning well. All four programs are in Cooperation Education and are located at Massabesic High School, Waterboro, Wells High School, Marshwood High School, Eliot, and Traip Academy in Kittery. More Satellite Programs are anticipated in the near future.

Staff

Added to full-time positions on the teaching staff were Mrs.

Linda Perkins in the Business Department and Mr. Norman Sirois as Graphic Arts Instructor. Mr. Sirois had completed the second semester of the 1976-1977 school year as a full-time substitute.

Craft-Advisory Committees have played an important role at the Center this year. Each Vocational area now has an active representative group of citizens employed in particular trade and industrial occupations who meet on a regular basis. These committees provide the instructor with input necessary for the continual upgrading of programs.

The Sanford Vocational-Technical Center continues to grow through the efforts of many and the support of the community at large.

In behalf of the staff and student body of the Center I wish to express my thanks and appreciation for this continued support of quality programs in Vocational Education.

REPORT OF THE SANFORD JUNIOR HIGH SCHOOL PRINCIPAL

Harry W. Rich

May I open this report by saying how pleased I am to be associated with the Town of Sanford and with Sanford Junior High School.

As a new Principal I have been pleased to find a great deal of cooperation from the Junior High School staff and the residents of Sanford. Your support has been, and will continue to be, a major factor in the success of Sanford Junior High School.

Building Status

Our main concern continues to be space. We have grown from 662 students in September of 1976 to 685 students in September of 1977. At the present time we are using $\underline{a11}$ of our classrooms $\underline{a11}$ of the time. We have been forced to group several study classes together in the cafeteria in order to free up other classrooms for academic classes, along with special academic classes such as Reading and French.

Our library has a seating capacity of three students and it is, therefore, impossible for classes to work in the library. Students are forced to check out all of the library materials that they wish to use.

It is no longer possible to single out individual areas as being severely overcrowded since all of the special areas and learning communities in the building are in excess of capacity.

The problem of overcrowding is real, and if it continues unabated, will, without a question, result in severe cutbacks of Junior High School programs.

DEPARTMENT REPORTS:

DEPARTMENT HEAD:

Language Arts

L'Lila Terracin

Language Arts teachers have attended several workshops designed to improve the composition skills of our students. We have also dedicated ourselves to an improved spelling program, along with significant changes in our severely overcrowded reading program.

Math Robert Brown

The math department is working with, and continues to develop, an extensive metric education program in accordance with State guidelines.

Science

Shirley McIntyre

The science department ran a very successful plant sale in May of 1977. This sale was strictly voluntary yet involved 10% of the student population. The department has also obtained new furniture, some new books, and freshly painted rooms.

Social Studies

Jacqueline Shaw

Mrs. Shaw and Mr. Kannenberg, along with 32 students, spent four days touring the Maine coast from Bar Harbor south. The trip made use of the Junior High School mini-bus, which enabled the trip to be completed for the minimal cost of \$10.00 per student.

Music

Diana Tomasello

The music department had great success with the Music & Art Festival. Some of their other activities included participation in the Camp Waban Telethon, and their competition in the State Solo Festival.

Art

Dorothy Ferraro

The art department was also involved in the Music & Art Festival. They initiated a newspaper advertisement supplement for our local paper, and also participated in the State Art Show.

Industrial Arts

John Roy

The industrial arts department, along with regular programming, has done an excellent job supporting the Music & Art Festival, Camp Waban Telethon, the newspaper advertisement project, and more currently, our movie-making course.

Athletics

George Kiley, Director

The athletic department has had a very successful year and has achieved the championship of the Greater Portland League in football and baseball.

We are pleased to have been able to add several new sports to the athletic program. They are: Girls Track - Boys Track -Wrestling - Girls Basketball - and Girls Softball.

New Staff Members

Sanford Junior High School has added seven new staff members this year:

Mrs. Claire Auger - joins us as our French teacher, replacing Mrs. Judee Tucker. Mrs. Auger joins us following a successful teacher experience at St. Thomas elementary school.

Miss Sharon Davis - replaces Mr. William Ferguson in the Language Arts Department. Miss Davis is a 1976 graduate of Nasson College and served last year as a Junior High School aide.

Ms. Dorothy Ferraro - replaces Ms. Mary Smith in the Art department. Ms. Ferraro is a graduate of the Rhode Island School of Design and has had several successful years teaching in Massachusetts.

Mr. Fred Myers - replaces Mrs. Althea Currier. Mr. Myers has several successful teaching years as background.

Miss Roberta Nicholls - replaces Mr. William Gray in the Mathematics department. Miss Nicholls has five years experience teaching in New York State.

Miss Sarah Ridley - replaces Mrs. Priscilla McDougal in the Physical Education department. Miss Ridley is a 1977 graduate of the University of Maine at Presque Isle.

Miss Lauren Robertson - replaces Mr. Cliff Sawyer in the Science department. Miss Robertson is a 1977 graduate of the University of Massachusetts.

Conclusion

In concluding this report I would like to sincerely thank the staff of Sanford Junior High School for an outstanding job under very crowded conditions. They have always been very supportive, cooperative, and willing to do whatever is necessary to improve the educational opportunities available to junior high school students.

I would also like to thank the other administrators, the Superintendent of Schools, the Assistant Superintendent, and the School Committee for their support and help in making the schools of Sanford rewarding, educational experiences.

REPORT OF THE MIDDLE SCHOOL PRINCIPAL

Robert E. Powers

It is with pleasure that I write my first annual report to the citizens of Sanford. I would like to take advantage of my

first communication to say that I am very glad to be in Sanford and I look forward to serving the Town as Middle School Principal.

The four months that I have been Principal of the Sanford Middle School have been both challenging and rewarding. The months have been challenging because I have had to adjust to a new position and I have had to become familiar with a whole new school system. The months have been rewarding because I have found the students, staff and citizens cooperative and understanding and this has made my transition pleasurable.

The first few months of 1977-78 school year have been quite interesting for the Middle School. Our December enrollment of 740 students reflects a net increase of two students over last December and our grade by grade breakdown is as follows:

Grade 4		Grade 5		Grade 6		Specials
Blier	30	Blake	25	Boivin	27	Anthoine 3*
Bors	30	Ra. Boisvert	25	Chabot	29	Rogowski 16
Day	29	Ri. Boisvert	26	Crouch	29	
Littlefield	29	Doiron	25	Jack	29	
Lowell	29	Greer	25	Metcalfe	30	*Grades 4-6
Pay	28	Roller	25	Morin	30	only
Thayer	28	R. Ryan	26	Squires	27	
Warner	30	L. Ryan	27	Therianos	29	
		Young	25	Walker	29	

The Peanut Butter Readers, a program financed through Title IV E.S.E.A., have helped Middle School students and staff "make words come alive." The Peanut Butter Readers have spent two weeks in residence at the Middle School this fall and worked with a core group of teachers and a core group of students to develop a motivational reading program based on sensory appeal in an activity oriented approach to teaching. Follow-up workshops for teachers and students will continue throughout the year and the students will culminate the program with a spring performance which will be open to the public.

Two new reading programs are being piloted this year in several classes. After an evaluation in the spring, our reading curriculum will be revised for next year. The focus for all Middle School curriculum revisions will be an attempt to meet the educational needs of individual students.

In addition to having a new Principal, four new teachers have joined the Middle School staff for the 1977-78 school year. Mrs. Katherine Anthoine teaches in the Alternative Education Program which serves both Middle School and Junior High School students who have average intelligence but have difficulty adjusting to the regular school organization. Mr. Peter LeVasseur teaches Physical Education. Mrs. Judith Lowell teacher the 4th Grade Open Class and Mr. Kenneth Squires teachers the 6th Grade Open

Class.

When I assumed the Middle School Principalship I pledged to myself that I would not attempt to make any major changes in the school's operation until I had a complete understanding of the school's existing programs. No major changes, therefore, should be anticipated for this school year.

I take this opportunity to express my sincere appreciation to the students, staff and citizens for their cooperation and helpfulness in the operation of the Middle School. I am always happy to try to explain our school's programs at any time. I am also always willing to try to answer questions or to receive complaints or suggestions. Please feel free to call me at any time.

REPORT OF THE DIRECTOR OF CURRICULUM AND ELEMENTARY EDUCATION

Dr. Joseph Capelluti

The report of the Director of Curriculum & Elementary Education will be presented in three sections: Highlights of Curriculum development K-12, Staff development and activities, and a report of the elementary schools K-3.

As a result of each building principal discussing some aspects of curriculum development for their schools in their reports, I will only attempt to highlight the major activities:

I. Curriculum

- A. The following programs were added to provide better services to exceptional children.
 - Expansion of K-3 learning disabilities program with the addition of two part-time learning disabilities teachers.
 - 2) Speech services to children in grades K-12 with the addition of a full-time speech therapist.
 - 3) A program for children in grades K-3 who exhibit atypical social-emotional and/or behavioral difficulties with the addition of a full-time teacher.
 - 4) Expansion of psychological services to children in grades K-12. We now receive 2 days on consulting services as opposed to one.
- B. \$32,900 was received for the year 1977-78 for the innovative grant entitled Alternative Program for Behavior & Learning

Problems for students in grades 4-8. The program, after I assumed directorship went from the very real possibility of not being refunded to what was evaluated by the State to be a model project for the nation. The new direction given the program was deemed innovative, practical and exemplary. The two building principals, the advisory council and staff deserve much credit for their dedication and contributions to the project's success.

- C. A new pre-school screening program was implemented in September 1977 which provided more complete information on children to assist staff members in developing more appropriate individualized programs.
- D. A scope and sequence reading skills profile booklet (K-6) was developed for use during the 1977-78 school year. Each child will have a booklet which will describe precisely the degree to which certain reading skills have been mastered. It will serve as an invaluable tool in strengthening the reading skills program in Sanford.
- E. An innovative motivational reading program is being tried at the Middle School starting in September 1977. This program will attempt to motivate children to read by utilizing professional performers skilled in teaching reading. A focus of the program will also be to train selected Sanford teachers in these innovative techniques of teaching reading. The program is funded by a \$5,965 grant awarded the school system by the Dept. of Education.
- F. Innovative curriculum programs were developed for students in the alternative program grades 4-8. These programs utilize new and research-proven techniques for alleviating atypical behavioral and learning problems.
- G. A program was developed in grades K-3 for children who exhibit atypical social-emotional and/or behavioral difficulties.
- H. Curriculum newsletters were sent to all parents of children attending Sanford schools. The purpose of these newsletters was to keep the community informed of the schools' activities and to encourage community participation.

II. Staff Development

A. A staff development program for administrators was awarded the system by the University of Maine at Portland-Gorham. The system had the services, one day per week, free of charge of a consultant from the University.

- B. Twenty-five half-days workshops were offered by the alternative program for approximately 60 staff members, parents, school board members and the community. Such topics as curriculum development, dealing with behavior problems and communication skills were presented.
- C. An educational marathon workshop was held for staff and community members with over 70 presentations offered. Educators from other school districts, as well as the entire Sanford school staff, attended.

As you can see, a number of exciting programs were implemented while many others were improved. The staff of the school system constantly seeks to improve and strengthen its educational offerings to its students.

III. Elementary program K-3

The enrollment of the six elementary schools as of Oct.31, 1977 by grade and school:

Grade:	Kindergarten	- 289	School:	Roosevelt	- 255
	First	- 294		Central	- 67
	Second	- 216		Edison	- 182
	Third	- 188		Emerson	- 201
	Special	- 26		Lafayette	- 189
	Non-graded	- 80		Lincoln	- 199
		1093			

The art and music programs were begun again in the schools. The addition of these two programs has greatly added to the education of our students. Mrs. Jane Lansing, Art, and Ms. Gail Webster, Music, are our new instructors.

We also received a federal grant for \$8,182.28 to provide guidance services. The group counselor, Mrs. Debbie Bennett works with all students in activities designed to consider social values, to help them better understand and cope with human relationships and to help plan appropriate programs of study. This program has been a huge success.

A program has also been developed for children who exhibit atypical social-emotional and/or behavior difficulties under the direction of Mr. Terry Quinlan.

Also`each building now has a full-time secretary which is a great asset. CETA aides are used to assist in playground activities and preparation of classroom materials.

NEW STAFF:

Edison - William White (2nd)

Emerson - Linda Lavertu (1st)
Robert Greenleaf (3rd)
Marcia Kimball (2nd)

Lafayette - Marsha Caron (1st) Rita Legere (1st) Terry Quinlan (Special)

Lincoln - Robert Lyman (Teaching Principal)

Roosevelt - Gale Marshall (Kindergarten)
Jane Lansing (Art)
Gail Webster (Music)
Debbie Bennett (Group Counselor)

The teaching principals, and myself work very closely together, as a team, attempting to provide the best possible educational offerings for our students. This team effort has been most successful.

EMERSON SCHOOL

This fall Emerson School has added an extra classroom - another third grade. We have transferred a transitional 1st grade to Edison School and acquired Mrs. Roux's special education class from Lafayette School.

Changes in staff and class assignments resulted in four new teachers at Emerson. Beginning this September our faculty consists of:

Mrs. Carol Roux - Special Ed.
Mrs. Jean Brunelle - Grade 1
Miss Susan Abbott - Grade 1
Mrs. Linda Lavertu - Grade 1
Mrs. Dorothy Thyng - Grade 2
Miss Marcia Kimball - Grade 2
Mr. Robert Greenleaf - Grade 3
Mrs. Jacqueline Johnson - Grade 3

We are very pleased to have the return of a music teacher and an art teacher to supplement our staff. In addition, the children are delighted with the group counseling program available to us this year. It has been a very successful addition to our primary curriculum which we hope may continue in the future.

The expansion of our secretary Mrs. Durgin's hours to full

time has allowed for more time for me to teach without interruptions.

The staff is also thankful for the services of a CETA general aide who is available to assist teachers in lunchroom supervision, playground supervision, preparation of classroom materials, small group follow-up, library supervision and even physical education. This, too, is a valuable supplement to our overall teaching effectiveness which we hope will be continued.

The Emerson School Parent-Teacher Organization continues to be very active and supportive. The annual spring fair sponsored by them is an event all enjoy greatly.

LAFAYETTE SCHOOL

New Programs

- An alternative program, with Mr. Terry Quinlan for children who exhibit atypical social-emotional and/or behavioral problems.
- Addition of K-3 Art and Music Specialists Mrs. Jane Lansing, Art and Miss Gail Webster, Music and of a K-3 Group Counselor, Mrs. Deborah Bennett.
- A Kindergarten class is now housed at Lafayette School.
 The teacher is Mrs. Leatrice Martin formerly of Roosevelt School.
- 4. We have two new first grade teachers Mrs. Marsha Caron and Mrs. Rita Legere.
- 5. The placement of two CETA aides Mrs. Ruth Letourneau and Miss Shirley Mansfield. These aides are shared with Lincoln School.

Current Programs

- 1. A breakfast program with Mrs. Jones. The breakfast program at the Lafayette School serves 16 to 18 children daily. If sausages or other hot foods are donated, they are served; but we do have cereal with orange juice, raisins, or bananas, and milk each day. It is served by one teacher except when she has basement or playground duties. Then two third grade girls help her. It is funded by the Lafayette School fund and by private donations.
- 2. Dispensing library services once a week by Mrs. Lila McCarty, a retired teacher who volunteers her time.

3. YMCA camperships were given to six third graders, again for the third summer by the Lafayette School.

Maintenance Improvements:

- 1. Retiling basement floors
- 2. Painting the cafeteria

CENTRAL SCHOOL

- At Central School, for the present year, there are four classes, one second, one third, a primary trainable, and an intermediate-senior trainable.
- 2. The Resource Center room is now the 2nd grade room. The center is in the process of being relocated in the basement of the Town Hall Annex. We welcome Pauline Dolbec in the 2nd grade.
- 3. Our third grade has been learning the value of earning money by running various businesses. The money earned is used to pay the class' expenses on various trips.
- 4. Teachers and pupils alike welcome the art and music programs again.
- 5. Speech therapy is available through our school system and York County Speech and Hearing Clinic.
- 6. Due to lack of funding, our physical therapist, Hope W. Hopkins meets only once a week, instead of the usual three weekly sessions.
- 7. Central School shares time with Roosevelt School in the employment of a physical education CETA aide. She helps in a variety of areas where there are needs.
- 8. There is an ongoing program, in its eleventh year, participated in by high school co-op students. This started as an assistance in special education area but it is now used throughout our building wherever the need exists.
- 9. Education month was recognized by the school with classwork, TV, art work, and projects in good and bad snacks. This was culminated during education week with an open house and an exhibit with actual samples of good snacks for parents, visitors and students. The excessive use of refined sugars and flours and the detrimental effect on children's (and adults') mental, emotional, and physical health was stressed and explained.

- 10. The annual year-end program of the two special education classes was held in May under the direction of Dorothy Fortier. Every year this is a better production and attendance becomes larger. We had three graduates from our intermediate trainable class go on to attend high school and two are receiving vocational training in Biddeford.
- 11. The conference room is available for Mothers' groups to meet weekly with Mrs. Anna Lou Palmer, our school social worker. Our cafeteria is used one morning weekly as a supervised child care area, for the children of mothers attending mothers' group.

EDISON SCHOOL

1977 was an interesting and eventful year at the Edison School. We were fortunate to have a number of parent volunteers who added a lot to our school. The parents of the school, along with several area businessmen donated their time and materials to build some playground structures. The students definitely appreciate their efforts.

The spring saw the first Edison School field day. The staff offered choices of many different games, activities and races.

With the help of our CETA aide, we finally have a usable library in the school. This has proven to be a valuable resource for students and teachers. Carpeting was installed in the multilevel classroom. The school bulletin boards are sporting the students' work under the guidance of art teacher, Jane Lansing. In fact, all the specialists have really made an addition to the school's atmosphere.

Mrs. Pauline Bennett regrettably retired this year. She devoted many years to the education of Sanford's children. We added Mr. Bumper White to the staff and his experience and ideas will be an asset to the school.

LINCOLN SCHOOL

Mrs. Garvin retired as teaching principal and Mr. Robert Lyman was her replacement. Dollie Hutchins also joined the staff, transferred from the Edison School. This means that all eight classrooms are being utilized. CETA aides are being used to prepare instructional materials and assist teachers whenever possible. Also, Nasson College students continue to help in physical education and regular classroom programs. Students in the high school early childhood program also volunteer their assistance.

Much thanks needs to go to the parents for their involvement in the educational programs and also their help with special

projects.

ROOSEVELT SCHOOL

A pre-school screening program was conducted at the Roose-velt School during the first week of school in September 1977. The results of this testing device indicated the children's level of maturity in visual and auditory discrimination, language skills, as well as small and large muscle development.

Children with specific problems are, at regular intervals, receiving help from specialists in learning disabilities and speech. All children are working in a more individualized program in each room, as the concept of learning centers is being developed. The screening results are being used to help in curriculum planning and in assigning pupils to specific learning areas.

The regular staff members include 6 teachers, 3 aides, a secretary and a part-time CETA aide.

The newly appointed specialists in Music and Art, as well as the Group Counselor, make weekly visits to Roosevelt.

REPORT OF SCHOOL HEALTH SERVICES

Jeanne A. Gauthier, R.N.

The philosophy of a school health program is to implement knowledge and help in maintaining a good health oriented student-body and faculty. This is difficult at times due to lack of personnel and parental apathy in some cases. The primary functions of a school health service is to make parents aware of health-related problems that could affect their child's function in school. One other function is to offer whatever services that are at our disposal.

Our present staff includes two physicians, Dr. Barbara McCall, whose duties includes grades K-6 and Dr. Nicholas Scaccia, whose duties include grades 7-12; three registered nurses, Mrs. Jeanne Gauthier, Mrs. Shirley Caramihalis, and Mrs. Pamela Capelle. They must meet the additional requirements of the Department of Education in order to be certified to function as school nurses. A duly qualified aide would be a welcome addition to the present staff. This would provide better service to the elementary schools.

Special emphasis will be placed on proper immunization for children in grades K-6 and implementation of this new law will be completed by August 1978.

REPORT OF THE COMMUNITY ADULT EDUCATION DIRECTOR

Leonard D. McGinnis

In July 1977, the Sanford School Committee appointed me Director of Adult Education for the Sanford Public Schools. In this position I have succeeded John E. Webb, Jr., who, as Assistant Superintendent of Schools, was responsible for the administration of the Sanford Adult Evening School.

It was my good fortune to become associated with a program that was well-organized and well-supported by the Town of Sanford. During my brief tenure I have been happy to find that adult education in Sanford is popular, well-attended, and effectively satisfying the educational needs of many area adults.

During the past year the following major programs were provided by the adult education division:

ADULT BASIC EDUCATION. This is a largely Federally funded program intended to provide literacy and coping skills for adults with less than an eighth-grade education. The curriculum consists mostly of the basic skills of reading, writing, and arithmetic. Another dimension of basic education is instruction in English for non-English speaking adults. Students from several countries are currently improving their reading, writing, and communication skills. In addition to the evening basic education class, a learning center is now open two mornings a week at the York County Community College Services facility at 195 Main Street.

HIGH SCHOOL DIPLOMA. Adults may earn a Sanford High School diploma through attendance at the Sanford Adult Evening School. Sixteen units of approved study, including four units in English and one in U.S. History, are required for graduation. The diploma curriculum is designed to be stimulating, practical, and relevant to the students' lives. In June 1977, 44 adults received diplomas.

HIGH SCHOOL EQUIVALENCY. The Sanford Adult Education program administers a testing center for the General Educational Development Test. Any adult 18 years of age or older may take the tests on an individual appointment basis. Upon successful completion a high school equivalency diploma is awarded by the State of Maine. Instruction is available in the Sanford Adult Education program to help adults to prepare for the G.E.D. In 1977, 53 individuals took the tests, and 43 received equivalency diplomas.

VOCATIONAL EDUCATION. Through the facilities of the Sanford Regional Vocational-Technical Center, evening courses are available to adults in such areas as welding, machine trades, printing,

typing, shorthand, and bookkeeping. The objectives of vocational education for adults are to provide job entry skills, upgrade present skills, and retrain for change of occupation. In 1977, 29 vocational courses were offered.

LEISURE TIME. An extensive program of general education is available in the evening school. These courses are scheduled to appeal to a wide variety of interests and to satisfy many of the adults' needs. The courses contribute to adults' personal development, improve the quality of leisure time activities, and provide an opportunity for meaningful social interaction. Homemaking, family development, citizenship, consumer awareness, arts and crafts, and physical fitness are representative of the diverse leisure time courses that are available to adults.

PHYSICAL FITNESS FOR THE ELDERLY. An innovative program of physical fitness, exercise, dance, and sports in nine Sanford nursing homes, the Trafton Senior Center, and Sunset Towers has been conducted during the year. These classes, coordinated by Eva Spencer, have been effective in enriching the lives of senior citizens and in providing recreational and therapeutic physical activity.

In addition to the above, the Sanford Adult Education program cooperated with other institutions and agencies to provide continuing educational opportunities for adults. These include York County Community College Services, which offers a comprehensive variety of courses at Sanford High School during the evening; the Maine Municipal Association, which provides upgrading education for municipal officials; and the Sanford Police Department, which teaches Defensive Driving courses several times during the year. The adult education program also assists in the arrangements for the meeting of various civic, cultural, and educational groups at Sanford High School.

During 1977, 2,278 adults attended classes at the Sanford Adult Evening School. This does not include the hundreds of adults who participated in educational activities that were sponsored by other institutions. The involvement of such a large number of adults in continuing education is a tribute to the ambition and desire for self-improvement of the citizens of Sanford. I also interpret the popularity of the adult education program as an indication that it is effectively servicing a significant portion of the Sanford adult population.

REPORT OF MAINTENANCE SUPERVISOR

Roland Carrier

Roosevelt School

Additional heating units were installed in the basement classrooms. Some window units had to be repaired in various classrooms. Boys

and girls toilet areas were painted as well as various areas downstairs. Some window units were painted on the outside of the building. The boiler was cleaned and adjusted and also inspected twice during the year.

Lincoln School

A new water main to the building was put in. All classrooms were painted. The boiler was cleaned, adjusted and inspected. Concrete floors in the basement area were also painted.

Lafayette School

New floor tile was installed in the basement entrances. Retaining walls were built by a local contractor on the north and south side of the building. About 300 sq. ft. of hot top was put in for the remedial bus parking area. The outside of the building was painted by a local contractor. The cafeteria was also painted. The boiler was cleaned and adjusted and inspected by a qualified boiler inspector.

Edison School

A new water main to the building was installed during the summer. All old water pipes inside were changed to copper piping. The hot water tank had to be changed and the kitchen sink was welded. The boiler was inspected twice during the year. The boiler was also cleaned and adjusted. A new hot top parking ramp was put in for the remedial reader bus. Some electrical and minor plumbing work was also done. Concrete floors in the basement were also painted.

Emerson School

The outside of the building was painted by a local contractor and also one classroom and an office by school personnel. Some plumbing and electrical work was also done during the year. The boiler was cleaned, adjusted and inspected.

Junior High School

By having an additional man in this building we were able to paint all the classrooms, offices, kitchen, and all girls and boys shower, dressing and toilet areas. We have undertaken the retiling of the floors by completion of the hall floor starting at the north end to the office. Next year we will complete the south end. Some plumbing and electrical work was also done. The boiler was cleaned several times and inspected twice during the year. A new compressor assembly was purchased and also a new nozzle assembly. One new circulating pump was also purchased. The sprinkler system was inspected twice during the year.

Junior High School Annex
Minor electrical and plumbing jobs were done. Several rooms were
painted as well as all concrete floors in the industrial arts
shops. Some minor repairs to furniture, doors and emergency
lights were also done. The boiler was cleaned and adjusted and
also inspected twice during the year.

Central School

Minor repairs in the plumbing and electrical system were done. The boiler was cleaned and adjusted and also inspected twice during the year. The sprinkler system was inspected twice during the year.

Sanford High School

Some minor repairs and replacement of material items such as ceiling tile and heating elements have been done. The gym floor was stripped and resealed in December. All tile floors were stripped and rewaxed at least twice a year. Some heavy traffic areas have to be done more frequently. Six classrooms were painted. Many desks and chairs were repaired during the year. Many electrical outlets were changed to the fault interrupter type in the science wing by our master electrician.

Middle School

A new fire alarm system with heat sensors in every classroom and offices was installed replacing a 40 year old obsolete system. Some painting was done in various parts of the building. Part of a combustion chamber was repaired in our #2 boiler. Both boilers were cleaned and adjusted and also inspected twice during the year.

Memorial Gym

A major waterproffing job was completed in September. All concrete floors, tunnel, lobby, dining area, stairways and bleacher areas were painted. Concession area walls were also painted, also the stage front and all inside doors. The main floor was stripped and resealed in August. The bleachers had to be repaired frequently during the year. These bleachers are worn out to the point where they are unsafe for a large group. A major renovation of the boys shower and dressing room downstairs took place in the spring. More space was made available by removing some walls and relocating the shower room. All new wood lockers were also built.

Vocational School

Painting was done in various parts of the building. A new hot water tank was installed in the Agriculture shop and also in the custodian's room. Some minor electrical work was also done in various shops.

All Schools

Snow plowing in the school complex is done by a contractor, and sanding and patching of roadways by the highway department. Snow plowing around the various elementary schools is done by our pick-up truck.

All fire extinguishers were checked and sealed by a Portland firm.

Hot lunches are transported daily by van to all schools. The driver is Alphonse Letourneau and he also is custodian of the Central School.

All fire alarm systems were tested by the Fire Department.

All schools were inspected by the Fire Department, insurance inspector and also O.S.H.A.

The maintenance crew consists of:

1 - Supervisor1 - Master electrician

1 - Matron

22 - Custodians

I wish to thank the School Committee, the staff, the citizens, and the students for supporting and maintaining a quality education program in Sanford. Their commitment and dedication have made my work both rewarding and challenging. Again, thank you for your support.

Respectfully submitted,

Charles A. Beattie, Ph.D. Superintendent of Schools

CUMMINGS, JAMES & COMPANY

CERTIFIED PUBLIC ACCOUNTANTS

JOHN M. CUMMINGS, C.P.A. STANLEY G. JAMES C.P.A. LAURENCE P. CABLE, C.P.A. DONALD E. LAMONT, C.P.A. 135 FLETCHER BTREET KENNEBUNK, MAINE 04043 (207) 985-3339

LOWER MIDTOWN MALL SANFORD, MAINE 04073 (207) 324-7041

March 29, 1978

Board of Selectmen Town of Sanford Sanford, Maine

We have examined the accompanying combined balance sheet of recorded assets, liabilities and fund balances of the Town of Sanford as of December 31, 1977 and the related statement of general fund operations and combined statement of changes in reserves and fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town does not maintain a record of its general property and equipment, and accordingly a statement of general property and equipment, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the financial statements referred to above present fairly the financial position of the Town of Sanford at December 31, 1977 and the results of its general fund operations and changes in fund balances for the year then ended in conformity with generally accepted accounting principles. The accounting principles have been applied on a basis consistent with that of the preceding year, except for the changes, with which we concur, in the method of reporting certain operating funds and in the method of recording professional salaries payable and accounts receivable as described in Note 1 to the financial statements.

Cumnings, James & Company

Notes to Financial Statements Year Ended December 31, 1977

Note 1 - Accounting Practices, Change in Financial Reporting and Restatements

The Town's accounts are generally maintained and the accompanying financial statements have been prepared using the modified accrual basis of accounting, in accordance with the accounting practices and reporting requirements prescribed by the State and Local Governmental Units Audit Guide of the American Institute of Certified Public Accountants, except that general property and equipment is not recorded on the Town's books and depreciation is not computed thereon.

The modified accrual basis is that method of accounting in which expenditures other than accrued interest on long term debt are recorded at the time liabilities are due or incurred, and revenues are recorded when received in cash, except for material or available revenues which should be accrued to properly reflect the revenues earned.

As of December 31, 1976, the financial statements of the Town have been restated to include the equity of the Revolving Fund which was previously reported in separate financial statements on a fiscal year ending on June 30. Also, the equity of several Trust Funds have been recorded. These Trust Funds were never previously reported. The current year's transactions relating to the Revolving Fund and Trust Funds are reported in their respective statements of changes in fund balances.

In prior years the Revolving Fund and Federal Revenue Sharing had been reported using the cash basis of accounting. Accordingly, the Revolving Fund balance and Unappropriated Federal Revenue Sharing have been restated at December 31, 1976 to record accounts receivable of \$31,089.01 and \$100,671.00 respectively.

Also at December 31, 1977, the Town had salaries due the Educational professional staff for the school year to end in June, 1978, amounting to \$169,430.00 which have been recorded as accrued liabilities and expenditures for the year ended December 31, 1977. A similar liability of \$160,384.00 was payable at December 31, 1976, and has been shown as an adjustment of the fund balance at that date. The effect of this change for the year ended December 31, 1977 was to increase Education expenditures by \$9,046.00.

Note 2 - Long Term Debt

At December 31, 1977 long term debt consisted of the following:

School, Vocational and Utility Bonds dated April 1, 1970. Interest at 6.3% payable semi-annually. Principal payable in annual installments until April, 1980 of \$400,000.

1,200,000

Industrial Development Corporation Bonds dated November 1, 1973. Interest at 4.9% payable semi-annually. Principal payable in annual installments until November, 1979 of \$50,000.

100,000

Library Addition Loan dated December 29, 1975. Interest at 6.5% payable semi-annually. Principal payable in annual installments until December, 1985 of \$20,000.

160,000

Total Long Term Debt

1,460,000

Note 3 - Contingencies

There are various claims and suits pending against the Town which arise in the normal course of the Town's activities. In the opinion of counsel and Town management, the ultimate disposition of these various claims and suits will not have a material effect on the financial position of the Town.
